

One Killed, Two Injured In Accident

DEATH ON FOUR WHEELS

THIS IS ALL that remains of the car which careened off the CNR overhead bridge, eight miles north of Kelowna, around midnight Monday. One man was killed and two injured. Body of one of the occupants, Jim Cunningham, 23, a coast Indian, can be seen slumped behind the wheel upper right. The vehicle was stolen from Vernon. Car was not discovered for 30 hours after accident.

Man Leaves Companion Lying 32 Hours After Crash Before Police Find Damaged Vehicle

Rowing Site Not Chosen

Police at noon today identified the men as:
Dead: Jim Cunningham, 23, a coast Indian.
Gravely injured: Bill Wilson, 21, Ladner.
Earl Doucet, 22, no fixed address.

THICK shrubbery south and east of the Ellison overhead bridge held a secret of death and serious injury for more than 30 hours this week.

Grim discovery of the completely wrecked auto that plunged off the south bridge approach early Tuesday morning was made about 9 a.m. Wednesday. In it was a dead man; nearby was another man in a semi-conscious condition. He had lain on the ground for 32 hours with the temperature going down to around 40 Tuesday and Wednesday nights.

The auto, a 1947 Ford reported stolen in Vernon late Monday night, was upside down, almost completely hidden from Highway 97, though it was only 200 feet from the highway. Scene of the mishap is about eight miles north of here.

Royal Canadian Mounted Police investigating the mishap are convinced there were three men in the car when it crashed through the bridge railing, plummeted about 40 feet to the ground, possibly rolled over several times, coming to rest with its wheels up in the air near the bank of Mill Creek.

The man found near the car is in grave condition in Kelowna General Hospital suffering from exposure, shock, a pulverized right elbow and a possible fractured back. Neither his name nor the name of the dead man has been given out by police as yet, pending notification of next of kin.

The third occupant also is in hospital but it wasn't until the death car was discovered that it was fully established he had been in it at the time of the accident. Police said his name was Earl Doucet, 22, no fixed address.

His presence at the crash scene was established by a wallet found there, with his driver's licence in it. Police said the licence was issued in Bralorne. Two policemen are guarding the men in hospital. (Turn to Page 8, Story 2)

EDITORIALS

Another Major Success

For the second consecutive year, Kelowna's "Home" Show, held in the Memorial Arena this week was an unqualified success, and must be listed as another outstanding community effort held in the Kelowna area this year.

Jointly sponsored by the arena and the Rotary Club, the exhibition clearly indicated what can be done through co-operation between retail and industrial firms. It was a surprising success in several directions. A large number of exhibitors went to the trouble of arranging space to display their products, while the quality of exhibits was a vast improvement over last year's initial effort. And it was surprising, too, in the number of persons who attended. Keen interest was shown by everyone, and the majority of spectators stayed well over an hour to examine the various displays.

Kelowna's "Home" Show would seem to have moved out of the experimental stage and into the circle of "permanent fixtures" of events to be staged in this area. With a little rearrangement, a little more promotion and the application of some of the experience gained through two years of experiment, it should be possible to build this exhibition into an annual show of considerable merit.

The sponsors deserve congratulations upon their initiative and courage in undertaking the venture.

A Decided Asset

Success of the "Home" Show emphasizes the part the Kelowna and District Memorial Arena plays in the life of this community.

Without the arena, there would have been no exhibition. The same statement is equally true of a long list of shows, concerts, festivals, hockey, lacrosse, ice carnivals and other events which have been staged in the arena since it was opened four years ago.

Arenas in other parts of the country have had a tough time finishing up the year's operation on the right side of the ledger, and this has been largely due to the fact that efforts have not been made to stage various attractions 12 months of the year. While financially, the Kelowna arena has paid its way to date, it has contributed much more than that in an intangible but very real service to the community. It has contributed very considerably to the enjoyment and education of the people of the district until it has now become almost the centre around which most of the large public events are held. In fact one wonders how the city got along without an arena for so many years.

Of course, the arena has certain commitments to make, and the arena commission, which is responsible to the City Council, endeavors to see that these obligations are met. First obligation of the management is to pay to the city the arena's portion of the building bond issue which was floated by the city to complete the structure. This amounts to around \$3,000 annually.

However, it is only fair to point out the major role the Kelowna Senior Hockey Club has played in bolstering the arena's finances. There is no doubt but what senior hockey draws the biggest gate on a year-round basis, and without the hockey club's support, the arena would be unable to function on a financially-sound basis. And, at the same time, the hockey club would be unable to continue without the support of the public at the games.

For three years, senior hockey gave the arena far more money than any single sport, but last year when the club found itself in difficult circumstances, certain concessions had to be made. This, of course, was due to poor attendance mid-way in the season.

With a championship team about to take to the ice for the 1952-53 season, there is every reason to believe attendance will far outstrip last year's figure. If such is the case, both the arena and the hockey club will mutually benefit. Conversely, should the hockey club find itself in the same predicament as last year, the arena should look upon the situation with a jaundiced eye, because, as we said before, without the support of Canada's No. 1 sport the arena will suffer.

HELP ASKED REMOVE FLOOR

Percy Dowton, manager of Kelowna and district Memorial Arena, has issued an appeal to all ushers and doormen.

The arena floor must be removed this week so that ice may be put in for the forthcoming hockey season. Voluntary assistance is being sought and ushers and doormen who wish to give two or three hours today, Friday, Saturday or Sunday, are asked to report to the arena.

Ruling Upheld

Labor Relations Board has officially notified the Federation of Fruit and Vegetable Workers Union (TLC) that their valley-wide certification of 30 packinghouses in the Okanagan Valley has been upheld.

According to Brian Cooney, president and director of organization for the FFVWU, application for blanket certification was made on the grounds that the majority of workers in the 30 plants were a unit appropriate for collective bargaining.

The application was approved by the LRB two weeks ago, but the ruling was challenged by the opposing union, the United Packinghouse Workers of America, who are the bargaining agents for three plants in the south end of the valley.

Today's ruling virtually ousts the UPWA from the Okanagan, insofar as the packinghouses are concerned. Mr. Cooney stated there are close to 3,000 packinghouse workers employed in the Okanagan.

Local 'Home Show' Rated Huge Success

SECOND annual "Home Show" held in Kelowna and district Memorial Arena, was an outstanding success. Thousands of people invaded the arena during the fifteen hours the show was open on Tuesday and Wednesday. Sponsored jointly by the Kelowna Rotary Club and the Arena Commission, the event was an eye-opener, and gave the public an idea of the tremendous amount of business done in this area.

Promptly at 6 o'clock on Tuesday, doors were flung open and the first eager horde of citizens invaded the building. The procession grew in numbers as the evening progressed. On Wednesday, the half day holiday, a greater influx began at 1 p.m., and lasted almost until closing at 11 p.m.

Forty-five business firms, mostly local, displayed their merchandise within, total valuation being thousands of dollars. The displays had a look of permanency about them, with time, artistry and skill having been devoted.

Policy of "no admission charge" plus many opportunities to participate in several free "draws" pleased everybody.

MANY EXHIBITS
Flowers, beautiful organ music, sparkling new appliances, entrancing objects of interest, made it a very entertaining show. And exhibitors discovered that they made valuable contacts, consummated sales, and aroused the interest of the shopping public.

Mr. and Mrs. Shopper saw a silent sliding door... photos of the Blue Grouse Mountain fire... Oswald's "Physical Heart," the nearest thing to perpetual motion... a recording projector and a marvelous daytime screen... perfumes direct from Paris... colored movies... a new type of electric organ which a Courier reporter played easily after brief instructions... scenic paintings... also a futuristic painting which took 30 hours to paint by T. Padberg. (Turn to Page 4, Story 3)

LEGION HOLDS ZONE MEETING NEXT SUNDAY

A zone meeting of the Canadian Legion branches will be held at the local Legion Hall on Ellis Street next Sunday commencing at 2:00 o'clock.

D. S. McTavish, provincial president and R. J. McNeil, Dominion representative, will be present. O. L. Jones, M.P., and David Fulton, M.P. (Kamloops), will address the meeting.

Main topic of discussion will be "War Veteran Allowances," and any member of the local branch who is interested in this phase of government policy, is invited to attend.

RUGBY EXHIBITION

Possibility of an exhibition English rugby game here between two Vancouver teams was an outcropping of Tuesday's monthly meeting of the Kelowna Athletic Round Table.

First diesel engine ever to travel over railway lines to Kelowna, arrived in the Orchard City shortly after 10:00 o'clock this morning. With engineer Wes Ennis at the controls, it marked another step in the development of railway transportation in the valley. Fireman was Al Scott, while Walter Patford, road foreman of engines at Revelstoke, also made the trip.

According to the CPR officials, it is planned to use the single unit diesel as much as possible on freight hauls between Kelowna and Sicamous. Much smaller, but more powerful than the old steam locomotive, the type of diesel engine to be used on the local line is popular in the U.S. for similar hauls.

The large diesels will be used for the mountain runs, as the heavier units cannot be used so easily for switching purposes. There are three diesel units which will be used on the Sicamous-Kelowna line. During the winter months they may be used for snow-clearing purposes.

The small diesel unit is capable of hauling 825 tons of freight. This morning's load was around 788 tons. It has a diesel oil capacity of 550 gallons, and in the trip from Revelstoke to Kelowna, it burned around 180 gallons. CPR officials stated this is considered very economical.

Diesel engines are used extensively on the mountain runs, and it is planned to dieselize the Kettle Valley service next summer. A large diesel roundhouse is now being constructed at Nelson.

At present, all major repairs have to be made at Ogden shops at Calgary.

Growers Want "Break" Too

Truck Competition has Forced Railways To Cut Tariffs on Certain Commodities

(Editor's note: This is another in a series of articles dealing with representations made by B.C. Tree Fruits to obtain an adjustment of rates on soft fruit shipments to prairie and other markets.)

Truck competition seems to be the only method to force the Canadian railways to reduce transportation tariffs on various commodities.

Officials of B.C. Tree Fruits Ltd., who have been fighting for freight rate concessions on soft fruit shipments for more than two years, practically threw up their hands in disgust this week when they learned that the rail systems had slashed by 20% transportation rates for autos moving westward to meet increasing truck competition. Not only going after the reduction, but they would like to have seen some concession granted the fruit industry as well.

Faced with a record soft fruit crop, Okanagan Valley producers are unable to compete with Ontario and American produce on the Western Canada market. And inso-

two stations on the prairies were granted. These adjustments were forced by the threat of oil companies to build up a system of truck transportation.

And a few days before railways cut the freight rates on transportation of automobiles, rail officials announced a reduction of perishable foodstuffs such as butter and dressed poultry from the prairies to Ontario, and movement of margarine from Ontario to the prairies.

The 1952 peach crop is estimated at 1,327,081 crates, compared with approximately 1,000,000 last year. The '52 apricot yield will show an increase of around 700 percent over last year's figure.

Faced with the tremendous increase in soft fruit production, B.C. Tree Fruits a few weeks ago decided to send a few experimental shipments via refrigerated truck to the western markets. A coast trucking company which has a fleet of seven refrigerated vehicles, was

ENGINEER WES ENNIS, who piloted This is one of three diesel units which will be used for hauling freight on the CPR Kelowna-Sicamous line.

REFRIGERATED TRUCKS TAKE SOFT FRUITS

Refrigerated trucks will carry Okanagan produce to prairie points at regular intervals, but frequency of service will depend upon the number of units available. A. C. Lander, assistant general manager, informed The Courier this afternoon.

Mr. Lander pointed out that two weeks ago peaches were shipped via refrigerated truck from Oliver to Regina. Last week a load of prunes went from Oliver to Edmonton in 27 hours at a controlled temperature of 35 to 39 degrees. A similar load to the same destination left yesterday afternoon.

The Tree Fruits official said the trucking service is being operated by a Vancouver concern, and it appears to be the intention of the company to provide regular service between the Okanagan and Alberta.

CIVIC HEADS AT PARLEY

Three civic representatives are attending the quarterly meeting of the Okanagan Valley Municipal Association being held in Enderby today.

Delegation is headed by Mayor J. J. Ladd. Other members of the party are Bob Knox and Ald. Maurice Melkie. Representatives from other Okanagan Valley municipalities are also attending the parley.

First McIntosh Apple Shipments Will Leave Okanagan In One Week

FIRST shipment of McIntosh apples will be released to fresh fruit markets the latter part of next week and for the first time B.C. Tree Fruits will introduce to consumers a new half-bushel corrugated container.

The container holds approximately 21 pounds of apples and the hand holes on the end of the package make it easy for the purchaser to handle. Demand for the tray pack is increasing, particularly in the U.S. Around 300,000 Maes will be packed in this new type of container in the Okanagan and Creston areas. In addition around 600,000 Maes will be packed in junior containers. This type of box is a favorite among small families.

Referring to market conditions, A. C. Lander, assistant general manager, B.C. Tree Fruits, stated Ontario is offering strong competition in the peach market. Ontario is shipping as far west as Winnipeg, and on a poundage basis, deliver considerably below B.C. with the result Okanagan local quotations are not being maintained. To further aggravate the situation, Washington shippers have sold to Western Canada fairly substantial quantities of V. H. Hale peaches at prices below B.C. quotations after taking into consideration the duty of 30¢ a box.

"To make matters worse, the territory between Regina and Winnipeg inclusive enjoys a freight advantage on Washington shipments of around 10¢ a box," Mr. Lander declared.

Demand for Bartlett pears continues good and unsold stocks are fairly light. Movement of Wealthy apples during the past week has been good and all Western Canada offices report that deliveries received to date have been satisfactory.

Since Hyalop cranapples have appeared on the market, the Transcendent variety has slackened, but little trouble is anticipated in disposing of the balance of the crop.

Demand for prunes has been steady. Up to last Tuesday, total of 105,000 lugs have been shipped to the fresh fruit market.

Better Playoff Deal This Year For B.C. Senior Puck Champs

THE B.C. senior hockey champions of 1952-53 will get a better deal in Allan Cup playoffs than last year, according to a Canadian Amateur Hockey Association ruling made public this week.

The Savage Cup holders will automatically become Allan Cup semi-finalists. Instead of having to meet the Alberta-Saskatchewan winner as they did this past Spring, they will go direct into the Western final (Allan Cup semi-finals).

In other words, the B.C. champions in their quest for the coveted Allan Cup, symbolic of the Canadian Senior hockey championship, will have one hurdle less to overcome.

Their first test will be against the best balance of Western Canada has to offer, starting April 7, when the B.C. champions will meet the winner of the Western final in the Allan Cup final, against the Eastern Canada champions, to be played in the east and beginning April 23.

MORE TEAMS IN B.C.
The opposition for the B.C. champions in the Western final will be decided in three previous series:

(1) Alberta vs. Saskatchewan;
(2) Manitoba vs. Lakehead; and
(3) winners of (1) vs. winners of (2).

This CAHA decision, based largely on the fact that there are more senior teams in B.C. than anywhere else in the west, gives B.C. leagues more leeway in their schedules than ever before and will enable them to extend their playoffs, if they wish.

NO CHANGE PROPOSED

The Canadian Amateur Hockey Association's pre-season stand on Allan Cup playoffs also is the earliest decision of this nature in modern times. Last year the first pronouncement was made in November, but there were changes in inter-provincial playoffs made after that.

This year the CAHA has taken a positive stand, indicating there will be no changes from the announced pattern.

FORMING SENIOR SOCCER LEAGUE

Formation of a city soccer league is underway, it was learned at Tuesday's monthly meeting of Kelowna Athletic Round Table. KART was asked to lend a hand.

Two teams are well on the way—one called the Rowing Club and another captained by Jack Lomax. KART hopes to interest school teams from Kelowna and Rutland to round out a four-team loop and begin play within the next two weeks.

Persons interested in playing should get in touch with Recreational Director Jim Pantou.

FOR MORE SPORT SEE PAGE SIX OF THE SECOND SECTION.

Rutlanders Mauled By Kamloops

RUTLAND 5, KAMLOOPS 25
RUTLAND — Rutland Adanacs bowed out of the B.C. Interior Baseball League finals in the second game of the series played at Kamloops on Sunday, and it cannot be said that they bowed out gracefully.

The team put on the poorest exhibition in many years when they muffed and booted the ball, and both homers came with empty bases. Big Ken Terry was on the mound for the victors, and was never in difficulty, getting fine support from his teammates, Gordon Beecroft in particular pulling off two or three spectacular catches.

The only redeeming features for the Ads were two home run clouts, Jim Kitaura and Bob Campbell each poling one out of the park, but both homers came with empty bases. Big Ken Terry was on the mound for the victors, and was never in difficulty, getting fine support from his teammates, Gordon Beecroft in particular pulling off two or three spectacular catches.

Bob Campbell, Mits Koga, Ed Gallagher and Morris Koga in turn tried unsuccessfully to stem the tide of Okonot hits, but all fared badly. At the close of the game Art Gray, as president of the league, presented the Okonot captain, Buck Buchanan, with the Bob Chambers Memorial Trophy, emblematic of the league championship.

Daski Leaves Packers; V's Get Defelice

Kelowna Packers likely will be without likeable Mike Daski this coming campaign.

Daski, informing Kelowna Senior Hockey Association officials he had a chance to play in South Africa, requested his release. Reluctantly it was surrendered, but with a conditional clause. He will not be allowed to play for any other team in the Okanagan Senior Amateur Hockey League.

Other Asen Daski getting his release, little has been given out by the KSHA executive. One official said nobody had been signed up as yet and that the club's hands were tied until a final rental agreement had been reached with the Kelowna and District Memorial Arena Commission.

There have been no on-the-surface stirrings in the Vernon or Kamloops camps either. Only in Penticton are doings being made public.

FOUR SIGN CARDS

The V's announced the signing of two more players this week, bringing to four the number now in the Penticton fold, all signed, sealed and delivered. Latest to meet Bill Carse's terms were Don Johnston, the club's most valuable player last year, and Angelo Defelice, with Nanaimo during the previous season.

Johnston makes the third defection from the V's have. Penticton acquired Ed Manning of Nanaimo and Jim Fleming from Kamloops last week.

Defelice apparently got a better or more concrete offer from Penticton. Kelowna was trying to lure him into the Packers fold.

He was a standout on right wing with the Clippers last season and led the signing for his club in the B.C. semi-final here against the Packers.

Another packer, Mike Durban, left Kelowna last night to report to the Cleveland Barons' training camp at Stratford, Ont. He said he would be back if he didn't make the grade.

FALL BANQUET OF CHAMPIONS SET FOR OCT.

Initial plans for the fall Banquet of Champions will be drafted by an executive meeting of Kelowna Athletic Round Table Tuesday. It is expected to be held next month.

A lighter list of champions to be honored is expected this time, with honorees estimated in the neighborhood of 15. Outcome of the Pacific Northwest rowing championships is awaited for a final figure.

The Spring banquet, held in the Aquatic, was the most successful yet, the monthly meeting of KART. Thursday night was told. Despite the large number of champions as guests at the banquet for civic recognition, the loss was only \$87. Attendance was good, helping to cut down the deficit.

STEELE LOOMS AS GOLFDOM'S LOCAL LUMINARY OF THE YEAR

Looming on the horizon as golfdom's local luminary is Monk Steele, winner in two recent tournaments and near the wire in the dash for the Kelowna Golf and Country Club championship.

Stalking Steele, a cool calculator, carded 75 and 77 on the two 18-hole rounds Labor Day week-end during the annual Revelstoke Day classic and won the event with a par performance on the three-hole playoff against Roland Howes of the home course.

Less than a week later, Steele captured the low gross honors, along with Bob Atteck, at the official opening ceremonies of the Kamloops Golf and Country Club's new layout. Monk was awarded the honors on his better first nine.

In the club championship quarter-finals, Steele meets Fred Williams while Harold Johnston and Trev Pickering are paired in the other bracket. Dr. Cec Newby won the crown last year.

The Denegries found out this year there is a difference between leave of absence and a vacation. A few days of family fun at Woods Lake ended for everybody eyes—all too quickly.

But the happy hours of playing in the water, driving around the orchard-dotted countryside, watching CN Engine 5122 pull into and leave Oyama, dragged compared to (as Ed Boyd would say) the alacrity with which Vernon Tigers lowered the boom on the Kelowna Bruins.

We were in a position to see all the games, but we deliberately stayed clear of the Kelowna and Vernon arenas because they, by the very nature of my job, smelled of work. But work we must, in time, so let's get at it and stop dreaming.

Even the most witless could not have felt all along that this was Vernon's year for lacrosse laurels. The Tigers displayed superiority all season long and had the Bruins—bless their lacerated hides—come through again as the underdogs they were in the previous two years, it would have been fantastic. To call it an upset would be putting it mildly!

In my mind, the Tigers were not as strong as they were two years ago when the Bruins downed them in as classy a playoff struggle as seen around in Valley boxes yet. The difference was more in the Bruins themselves. It was a dismal year for Kelowna lacrosse patrons, for the few left over from last year's B.C. champion squad and for likeable, bewildered Al Laface, the coach.

NONE TRIED HARDER
No one can blame Laface. No one tried harder than he, though there were several who worked and sweated just as hard. Kelowna can take credit for the Lacrosse and the few who backed the team for sticking to their guns in the face of heartbreaking disappointments, one right after another.

We might be inclined to brush it off by shrugging: "It just wasn't Kelowna's year." That is true, but why wasn't it? It was a combination of causes—a lack of appreciation of true values, the human element (and who can blame them for that), but most of all not enough players of senior calibre. Less than half of last year's potent squad saw the Bruins through in defence of their titles and there just wasn't enough with the required savvy to plug the gaps.

One lesson learned that can bear repeating is that more needs to be done to foster the minors or surely the sport will die. Boxla traditionally is a hometown show, featuring homegrown talent and as long as it retains this admirable amateur spirit, it should prosper. Boxla is required to survive. Boxla up and down the valley has had a bad year from both a player and an on-looker standpoint and the outlook is anything but bright in both the Kamloops and Kelowna camps. Withdrawal of either from league play next year, as was threatened this year, will mean a temporary or permanent fold-up of senior boxla in the Okanagan.

AL-DEN-ETTES
While Woods-laking I was disturbed by a couple of hockey items I read in the Courier. One was that the schedule did not strictly adhere to set nights as a predominant majority of puck patrons in Kelowna wanted in drafting a schedule, but playing two games in as many nights three or four times during the season is not in my opinion a hardship. And yet that is the main reason why there will be a slight deviation from the Wednesday-Saturday pattern for games in Kelowna. I understand that Penticton put up the biggest beef about playing successive nights. The other switches are in the Yule season, but that is understandable.

The other item is that Roy McMeekin is being considered again—if he doesn't catch on with the New Westminster Royals. There is nothing personal in this, and Roy knows it, but for the information of those concerned, Packer Packers are easily three-to-one in favor of a change in goaltending—and they are the guys and gals who can make or break... Got to be thinking Tom Wilkinson, underplayed the sportsman angle when he was seeking support for his candidacy for Victoria in June. There wasn't a more faithful attendee at boxla games during the season than the big Benavonville farmer... Reg Martin, the gullpotter ghost, wants it known this year by the firebrand, Glen, a future B.C. champ, at least, if given the best of coaching and the chance to play all he wants and against the best available... Mystery of the week: What's this excuse of Mike Daski's about playing,

OKANAGAN MISSION — The Rev. and Mrs. W. S. Beames and daughter, of Naramata, are arriving in the Mission at the end of the week and will be taking up residence in the vicarage for the next two months.

Mr. Beames is taking over the duties of the parish until the locum tenens, the Rev. J. E. W. Snowden arrives. The Rev. and Mrs. Snowden expect to arrive about the beginning of November.

Miss Winnifred Luckett has returned to her home in the Mission after spending two weeks holiday in Vancouver and Victoria. During her stay in Victoria Miss Luckett was the guest of Captain and Mrs. E. W. Thomas. While in Vancouver, Miss Luckett visited the P.N.E. which she found most interesting.

ver, Miss Luckett visited the P.N.E. which she found most interesting.

Mrs. H. C. S. Collet returned last week from England where she has been spending the summer. Mrs. Collet thoroughly enjoyed her visit which was spent mostly in the South of England, and was lucky enough to have been over there during one of their fine hot summers.

Miss Margaret Turner, of Vancouver, is the guest of Mr. and Mrs. J. Needham this week.

Mr. and Mrs. C. F. Sarsons have had as their guest Mrs. Sarson's nephew, Henry A. Thompson, of Birmingham, near Birmingham, Eng. He has been travelling across Canada for the past few months and his impressions of Canada far exceed his expectations. He left last week for Vernon and Victoria before returning to England next month.

Miss Mary Nelson who has been the guest of Mr. and Mrs. Jack Bradley for the past few months, is returning to her home in Sunderland, England, next Saturday.

Dr. Joan Taylor, who has recovered from her accident which occurred over the Labor Day week, and left last Monday for a short visit to Vancouver.

Michael Painter was the guest of his parents, Mr. and Mrs. A. Painter last week-end, leaving on Tuesday for Williams Lake.

The Misses Kerr who have been spending the summer at the home of Mr. and Mrs. R. Kerr, returned to their homes in England last Saturday.

Guests staying at the Eldorado Arms Hotel last week were: Mr. and Mrs. H. L. Shelton, Miss Ruth M. Jones, Mr. and Mrs. J. Bloch, Mr. and Mrs. A. S. Stann, Mr. and Mrs. A. N. Graham, Mr. Francis Gertmann, Mrs. E. G. Seigl, Mr. and Mrs. W. R. Monkhouse, Dr. and Mrs. M. Thomson, Mrs. Bryce McCrick, Mr. and Mrs. H. F. Angus, all of Vancouver; Mr. Paul Thornhill of West Vancouver; Mr. and Mrs. G. F. Hillard, Mr. and Mrs. Henry Ward, Mr. William Sloan, Dr. and Mrs. R. F. Featherstone, Dr. and Mrs. J. M. Edmondson, all of Victoria; Mr. and Mrs. T. Charles Bingham, of Seattle Washington; Mr. Ray Floate, of Michigan.

More About**1 TRUCK COMPETITION**

(From Page 1, Column 5)

engaged to take 1,150 crates to Regina. Surprisingly, the shipment arrived 48 hours faster than rail service. Last week another trial shipment was sent to Edmonton, and the trip took less than 27 hours. Temperature in the truck trailer was under 40 degrees, and the fruit arrived in excellent condition. Another shipment was scheduled for Edmonton on Wednesday.

RETURN WITH "PAY LOAD"

The trucking service is being operated by Refrigerated Express Lines Ltd., of Vancouver, and the trucks are capable of carrying an amount equal to a railroad car.

In the past there has been a feeling that in order to make the run financially possible, a refrigerated truck must be in a "position" to bring back a "payload." In other words, there would be little profit if the truck returned empty. However, this obstacle has been surmounted, and the trucks are now bringing back goods destined for the Okanagan or the Vancouver market.

Tree Fruit officials estimate that approximately 75 percent of soft fruit shipments to the Vancouver market are going via truck over the Hope-Princeton highway. One official stated that there are not sufficient trucks to handle the volume. Approximately 12 trucks were being loaded per day during peak market periods.

What the railways actually did in lowering freight rates on automobiles moving westward was reducing the status of cars from a Class 1 commodity to Class 2, which means they automatically travel at a lower tariff. At the same time the Class 2 charge for autos has been further reduced to become a "competitive rate" which, under the law, the railways can adopt to meet road competition. The total reduction was 20 percent. As a result dealers will make these savings in moving popular make cars from Ontario plants to Western cities: Vancouver, \$50; Edmonton, Calgary, \$40; Saskatoon, \$34; Regina, \$32; Winnipeg, \$20.

According to the Financial Post, reductions on movement of autos, butter, margarine and dressed poultry confirm recent indications that the railways are now determined to put a crimp in long-haul truck business and are prepared to go to some competitive length to do it. "A rail freight official who would not permit his name to be used said this week that if the new rates won't reduce truck competition, the railways are prepared to bring them down even lower," the Post stated.

MEET COMPETITION

The article continues: "Likely to be hardest hit are transcontinental truck firms that have mushroomed from nothing into big-business concerns over the past two years. The effect of the railways' move is to offer rates which it will be extremely difficult for the truckers to meet and still make a profit. Rail spokesmen frankly admit they are gunning for the long-haul trucks, whose operators they say are "selective carriers" and have skimmed off the most profitable commodities, leaving the lower rated ones for the railways.

"Against this, the truckers claim that freight rates have been held down as a result of competition they provide. However, say the long-haul operators, this week's rail rate drop has gone down below economic level and is aimed at forcing them out of business.

"To support this argument truckers point to two rail applications now pending before the Board of Transport Commissioners, for a total of 10 percent general increase in freight rates to meet railway operating costs. "Although the actual freight change has come from the railways, main pressure for it has been from automobile manufacturers who believe the cost of transport to Western Canada (which is passed on to the customer) has been too high. Now, although the price of cars won't be affected, manufacturers hope the reduced "package" cost will boost sales.

"In getting the reduced rail classification for autos, manufacturers have used as a lever the growing westward movement of vehicles by truck. For example, during the month of July this year, between 30 percent and 35 percent of all western shipments from General Motors' Oshawa plant moved by truck. Of the remainder, 50 percent went by rail and the remaining 15-20 percent were driven away."

From the concessions granted other industries, it would seem the only answer to the Okanagan shipper's problem, would be to encourage truck competition. Then the railways may reduce tariffs in order to keep the heavy volume of business.

IN MEMORIAM

IN LOVING MEMORY OF OUR
late husband and father, Mr. Raymond Buhman, who passed away September 7, 1950.

"Gone dear father, gone forever,
How we miss your smiling face,
But you left us to remember.
None on earth can take your place.
A happy home we once enjoyed,
How sweet the memory still,
But death has left a loneliness,
The world can never fill."
—Ever remember by all the family. 12-1-c

Observe Golden Wedding

MR. AND MRS. CORNOCK cutting anniversary cake

MANY GREETING CARDS and telegrams as well as lovely gifts and bouquets of roses and gladioli were received by Mr. and Mrs. Gilbert Cornock, 990 Lawson Avenue, when they celebrated their Golden Wedding anniversary August 30.

Sixty guests were entertained in the afternoon and evening at the home of the celebrants, where a two-tiered anniversary cake, beautifully decorated, topped with a miniature bride and groom standing in an arch, centred the tea table.

Presiding at the urns were Mrs. Reg Cornock, a daughter-in-law; Mrs. A. Christianson of Dawson Creek and Mrs. T. Buchanan. Mr. and Mrs. Cornock were married at St. Mary's Anglican Church, Wotton-under-Edge, Gloucester, England, in 1902, and resided in England until 1920, when they moved to the Peace River country. One of eight brothers, Mr. Cornock was twice wounded in action in the First World War, serving with the Gloucester Regiment from 1914 to 1918.

They pioneered at Dawson Creek in 1920 where they farmed until moving to Kelowna in 1945, to retire.

Mr. and Mrs. Cornock have two children, Mrs. Frank Hignens, of Dawson Creek, and Mr. Reg Cornock, of Kelowna. They also have six grandchildren and one great-granddaughter in the Yukon.

A member of the Canadian Legion, Mr. Cornock takes a great interest in gardening. Both enjoy good health and take a fairly active part in many activities.

Evangel Tabernacle Scene Of Evening Wedding Rites

An altar decked with wedding bells and pink and white gladioli provided a beautiful setting in Evangel Tabernacle, Saturday, August 20, for the wedding of Hazel Eleanor Stewart and Henry Lawrence Lee.

Rev. C. A. Harris performed the evening ceremony for the eldest daughter of Mr. and Mrs. William Stewart and the eldest son of Mr. and Mrs. Henry George Lee of Rutland.

Entering the church on the arm of her uncle, to the strains of Lohengrin's "Wedding March" played by Mrs. Harris, the bride was crowned in lovely white. Chantilly lace over satin, fashioned with a new yolk trimmed with lace. The fitted bodice buttoned down the back, the sleeves were lily point. Her full skirt swept gracefully into a long train and her fingertip veil fell from a coronet of seeded pearls. The bride's only ornament was a pearl necklace, gift of her grandmother and she carried a beautiful lace handkerchief, gift of her great grandmother. She carried a bouquet of red roses and white carnations.

As maid of honor, Miss Gladys Stewart, and bridesmaid, Miss Shirley Lee, wore gowns of pink and blue, net respectively, with picture hats to match. They carried pink and white carnations with gladioli.

Flower girl, little Linda Lee Stewart, niece of the bride, was frocked in pale yellow net with

matching picture hat. She carried a nosegay of sweetheart roses and stephanotis.

Attending the groom were Mr. John Martens and Mr. Ben Arndt while Mr. Aubrey Brooks and Mr. Lloyd Carlson ushered.

During the signing of the register Miss Jean Carlson sang "Oh Perfect Love."

A reception was held in the C. A. Chapel following the ceremony, where the parents of the principals helped the bridal party in receiving the guests.

Presiding at the urns were Mrs. J. Lindahl and Mrs. A. Sauer while servers were Miss Vera Lindahl, Miss Elsie Kaiser, Miss Erica Stenke, Miss Olive Johnson, Miss Helen Switzer, Misses Gertrude and Doreen Miller and Miss Frances Stratton.

For going away, the bride chose a navy blue gabardine suit with pink accessories. Her corsage was of red roses.

Among the out-of-town guests were Mrs. C. Hanson, grandmother of the bride; Mr. Hartley Hanson, uncle of the bride; Mr. and Mrs. Ted Hanson, all of Montana and Mr. and Mrs. R. Stewart of Princeton.

MISS MARY HILL WILL MARRY REV. W. S. BROWN

Mrs. Charles A. Hill announces the engagement of her younger daughter, Mary Norma, to the Rev. Robert W. S. Brown of Kelowna.

The wedding will take place Monday, October 13, at 11:30 a.m. in the Church of St. Michael and All Angels.

Ven. D. S. Catchpole will officiate.

RENEWED ACQUAINTANCES
Mr. Don McGovern of Cranbrook was in the city for a few days last week renewing acquaintances.

Hither and Yon

HOLIDAY TRIP . . . Mr. and Mrs. C. E. Munslow have had as their guests Mr. Munslow's parents, Mr. and Mrs. S. L. Chappell of Lethbridge, Alta., who drove up from Vancouver with the Munslow family on their return holiday trip which had taken them south to Westchester, Everett, Bellingham and Blaine. Mr. and Mrs. Chappell have returned to Vancouver with another daughter and son-in-law, Mr. and Mrs. E. H. Groom, who motored to Kelowna last week.

FROM CRANBROOK . . . Mr. and Mrs. D. A. Kay of Cranbrook were guests for a few days at the home of Mrs. A. Whiteford, Bernard Avenue. Mr. Kay is plant superintendent of the Cranbrook Courier.

UBC STUDENTS . . . Leaving to attend UBC is Miss Valerie Winter who will motor down to the Coast with her parents, Mr. and Mrs. E. Winter, on the week-end. Also leaving on the week-end for UBC are Miss Mary Margaret Povah, daughter of Mr. and Mrs. A. H. Povah and Miss Betty Birch, daughter of Mr. and Mrs. R. G. Birch. The three girls will be entering their first year university.

ENTERING SECOND YEAR . . . University are Mr. Gordon Caldwell, Mr. Joe Naito and Mr. Con Ueyama who leave for UBC Sunday morning. The students took their senior matriculation at Kelowna Senior High school.

LEAVING SUNDAY . . . for Washington State College Pullman are Mr. Dave Brown and Mr. Ross Lander. Dr. and Mrs. A. W. Brown will drive them down to the college and continue on to a ten day holiday in Sun Valley and the Northwestern states.

SPENDING . . . a few days visiting his parents, Mr. and Mrs. R. F. L. Keller, is Mr. Alan Keller who leaves next week for UBC.

GUEST . . . at the home of Mr. and Mrs. J. W. Barlee, Okanagan Mission, is Miss Lorraine Morrow of Chilliwack.

NURSE-IN-TRAINING . . . after holidaying with her parents Mr. and Mrs. W. Shugg, Bankhead, for two weeks, Miss Margaret Shugg will return to the Vancouver General Hospital Sunday, where she is a nurse-in-training, to resume her duties. Mr. and Mrs. Shugg will be driving her down to the Coast, Miss Isabelle Ferguson, entering her third year at UBC, will accompany them.

VISITING ALBERTA CITY . . . Mrs. J. K. Campbell left Saturday to holiday in the city of Edmonton, visiting with her father, Mr. F. Guest.

RETURN FROM PARLEY . . . Mr. and Mrs. E. C. Weddell, Mr. and Mrs. Don Fillmore, and Mr. and Mrs. C. G. Beeson, have returned home following several days in Vancouver. The prominent local lawyers attended the annual meeting of the Canadian Bar Association.

MOTORED TO COAST . . . Mr. and Mrs. Alf Bartlett motored to Vancouver over the Labor Day week-end to attend the Pacific National Exhibition.

RECEIVES CAP . . . Miss Jean McCladery, a nursing student at Essondale Mental Hospital, last week received her cap.

VISITING PARENTS . . . Miss Sheila Johnson, St. Paul's School of Nursing, Vancouver, and her sister, Mrs. L. Diebert of Sea Island, were visitors last week at the home of their parents, Mr. and Mrs. Mike Johnson, Vernon Road.

MOVED TO SASKATCHEWAN . . . Mr. and Mrs. Sebastian Deck and family have moved from their Aberdeen Street home to make a new home in Spiritwood, Sask.

SASKATCHEWAN-BOUND . . . Mr. and Mrs. Isaac McGovern after a two-week stay at the home of her son-in-law and daughter, Mr. and Mrs. A. Denegre, she will spend a short time visiting two daughters at Admiral.

ISLAND HOLIDAY . . . Mr. and Mrs. C. E. Lavery are back home after holidaying on Vancouver Island.

RETURNED HOME . . . Corporal Bob Mercer, RCMP, and Mrs. Mercer and their two children have returned to Kelowna after spending time in Kelowna at the home of Mrs. Mercer's parents, Mr. and Mrs. B. Schleppe.

Club Notes

JUNIOR HOSPITAL AUXILIARY
The Junior Hospital Auxiliary will hold its first meeting of the fall season Monday, September 13, at 8:00 p.m. at the home of Mrs. Ken Garland, 353 Royal Avenue.

LISTENING GROUP

The Listening Group will meet at the home of Mrs. G. Y. L. Crossley, Lakeview Heights, Westbank, on Monday, September 13, at 8:00 p.m. 7:20 ferry.

JR.-SR. HIGH SCHOOL P.T.A.

The first meeting of the season of the Jr.-Sr. High School P.T.A. will be held in the library of the Jr. high school on Tuesday, September 16, at 8:00 p.m.

A "Get Acquainted Hour" with refreshments will follow and a special invitation is extended to rural parents and new citizens.

SHOWERS HONOR POPULAR BRIDE OF BENVOLIN

BENVOLIN—Popular bride of this week, Miss Rose Shlahetka, was feted on two occasions last week when she was showered by her friends with many beautiful gifts, prior to her marriage and to her departure to Victoria.

Fifteen friends gathered at the home of Mrs. D. Rampone Thursday evening to present Miss Shlahetka with a basket of gifts, decorated in attractive pink and blue. After the entertainment, refreshments were served. Hostess was Miss Pamino Rampone.

On the guest list were Mrs. Marie Shlahetka, Mrs. W. Bohren, Mrs. Rose Rampone, Mrs. Smith, Mrs. O. H. Berard, Mrs. E. Muford, Mrs. H. Berard, Mrs. B. Greening, Mrs. H. Hewer, Mrs. G. Rizzo and Rita and Rhoda, Meiko and Tasako Naka and Mrs. Judy Armstrong.

A combined shower and farewell party was given in honor of Mrs. Marie Shlahetka and daughter, Miss Rose Shlahetka, at the home of Mrs. J. B. Fisher Friday evening. Bride of this week, Miss Shlahetka entered the room to the strains of the Wedding March, played by Mrs. Wilbur Reid. Corsages of roses and chrysanthemums were presented to the honorees.

A basket of gifts, decorated in pink and white, was presented to Miss Shlahetka, while a farewell gift of a silver cake plate was given to Mrs. Shlahetka by her friends, presented by Mrs. George Reid. Refreshments were served. Centering the tea table was a miniature bride, groom and minister.

At the close of the evening, all joined hands and sang "Auld Lang Syne" as a fitting farewell to both Miss Shlahetka, and her mother, moving to Victoria.

Guests were Mrs. W. Bohren, Mrs. Alex Reid, Mrs. A. MacMillan, Mrs. A. Hardy, Sr., Mrs. A. McFarlane, Sr., Mrs. H. McKinnon, Mrs. M. Davis, Mrs. E. Muford, Mrs. Mary Arsenault, Mrs. Bob Munson, Mrs. O. McFarlane, Mrs. Wilbur Reid, and Mrs. George Reid.

CGIT GROUPS RECONVENE

The First United Church C.G.I.T. group will start their fall meetings Monday, September 15, at 7:15 p.m. in the church parlor, and all girls between the ages of 12 and 17 who are interested in the group are asked to attend the meeting.

Plans for the activities of the coming year will be drawn up and more information about the C.G.I.T. group is available from Bessie Gordon, phone 7425.

The Explorer Group of First United Church will also reconvene Monday, September 15, at 3:45 p.m. in the upstairs hall.

This first meeting of the fall season will be in the form of a beach party to which each explorer is asked to bring cookies and sandwiches. Cocoa, wieners and buns will be provided.

Girls of the ages of nine to 11 years, interested, who have not attended previous Explorer expeditions, are asked to contact Mrs. S. Hubbe at phone number 6349, or Mrs. G. Mervyn at 7671.

VISITORS FROM ENGLAND GUESTS WESTBANK COUPLE
WESTBANK—Mr. and Mrs. T. B. Reece have as their guests, Mr. and Mrs. L. G. Price, of Hereford, England. Mr. Price is a nephew of Mr. Reece's, and the visitors are enjoying their stay in the Okanagan. Mrs. Reece's sister, Mrs. G. D. Lang, has also been a guest at the Reece home.

Mr. and Mrs. Will Ruby, of Calgary, visited the former's aunt, Mrs. J. Norquay, over the recent holiday week-end. Mr. and Mrs. K. Wilson, of Red Deer, accompanied them.

Mr. and Mrs. Les Humphrey, of Vernon, spent a few days of last week with the latter's parents, Mr. and Mrs. A. H. Davidson.

IOOF BURSARY PRESENTED TO GLEN GEEN

Glen Geen, 18, Ellison, has been selected for the annual Independent Order of Oddfellows' bursary for the Okanagan District for studies at UBC.

The former Rutland and Kelowna High School student was advised of his fortune Friday when six members of Orchard City Lodge 53, IOOF, called on him. He was selected over several other nominees for one of the six bursaries awarded annually by the IOOF in B.C.

The Ellison youth intends to study game management at University of B.C. He completed senior matriculation at KHS last year, having taken his junior matric at Rutland.

A Holiday Saga

We have had a wonderful time this past few days, in and out of the stores, both American and Canadian, poking our noses into every corner that fashions are to be found. So many in fact it is hard to recall all of them. However, in every case it brought to mind how completely Heather's cover the market to bring you the finest in fashion and the essence of quality.

Here are a few comments on what has impressed us the most.

No matter where you go you see The Knitted Suit, poised always for excitement at home or en route. Miss Sun Valley's knitted suit in glorious boucle, in a glory of autumn colors is an important fashion on the Canadian scene.

Creme is the biggest thing in fashion this year and Heather's bring you the biggest thing in crepe! It's a wonderfully fluid blend of rayon and acetate with a rich velvety surface. One I have in mind now that had just arrived a slimming length of fitted tucked crepe that lets the fabric do all the talking.

Blouses play an important part all across the country, in travel, at home, or at play a perfect complement to your autumn suits and skirts. You can fly in high style in one of our blouses, the blouses smart women talk about. We found them here—yes! will find them at Heather's, Kelowna.

You see suits everywhere, and obvious proof (that we have a suit that will undoubtedly give you a whole new and happy impression of yourself this autumn) is yours just for the dropping in. It very possibly will be the start of a whole new school of day through evening elegance. Ask to see the Tulle Ann from San Francisco. A suit that speaks "exclusively". Smart across the border, smart at home.

Home—yes, it will not be long now time passes so quickly. The beginning of a new year to bring to you, new silhouettes, important fashion details, elegance—new fabrics, a new season, a good reason for coming home.

Sincerely
Heather

Heather's . . . the finest in Fashion and Fabric.

FRUIT WILL BE DISPLAYED AT ARMSTRONG

Last minute feature added to the B.C.F.A. fruit division at the Armstrong Fair, September 17 and 18, is the illustration display made up of exhibits not entered for competition.

First of these items are two junior boxes of Bartlett pears that are being sent by Mrs. Celia Graf, Osoyoos. In fact it was her proposal that caused chairman Jack Kosty and his B.C.F.A. committee to arrange for the illustration display.

Junior boxes of pears were not included in the prize list, and the committee thought that this was an opportunity to show how pears would look in these smaller and more convenient containers.

The committee is extending a cordial invitation to growers and peckers to send along items for this illustrious display. Prizes will be awarded for novelty and for other attractive characteristics. The exhibits may be sent collect to the Armstrong fair grounds to arrive not later than Tuesday night, September 18.

Harry Halliday, of Armstrong, and W. P. Ward, of Summerland, are in charge of arranging the tree fruits exhibits.

Chairman Kosty is issuing a last minute call to the packing houses,

urging them to make sure that they send boxes of apples, if not for competition, then for the illustration display.

Entries in all competitive classes close Saturday night, Sept. 13.

EAST KELOWNA SCOUTMASTER RESIGNS POST

EAST KELOWNA—A meeting of the Scout group committee was held in the Community Hall when Provincial Field Commissioner J. Scrivener and District Commissioner

er P. McCallam were present.

The committee accepted with regret the resignation of Scoutmaster A. M. Thompson, who has been with the East Kelowna Troop for some years.

Mr. Thompson has taken a keen interest in the local troop, and will be missed by the Scouts, who wish him the best of luck.

TROUPE DIES

DUTTON, Ont.—This community was saddened by the death of 10-year-old Lawrence (Larry) Waters, Scottish trouper who died only four days after making a public appearance. He was buried in his kilt. The young friends who served as Larry's pallbearers also wore kilts.

FACTORY SITE

CLARENVILLE, Nfld.—This centre of rail, road and sea connections has been tentatively selected as the site for a new pulp factory by a Quebec firm. The plant would export its birch product to a British yarn manufacturing company.

Russian rye grass, a comparatively new introduction in Western Canada, has given good results at Swift Current, Sask. This species of grass is similar to crested wheat grass in drought resistance but matures somewhat later in the year and may be grown in connection with the wheat grass to give longer grazing than with either grass alone.

Mr. and Mrs. A. Davidson, Mrs. G. W. Gillis Capture Cups Westbank Fall Fair

WESTBANK—Mrs. G. W. Gillis was awarded a silver cup for capturing aggregate points in the fresh fruit division at the 13th annual Fall Fair held at Westbank last Friday, while Mr. and Mrs. A. H. Davidson were awarded a silver flower basket for winning most points in the flower competition.

Dr. R. Palmer, superintendent of the Summerland Experimental Station, officially opened the show, and commended the Westbank Women's Institute and the Westbank Board of Trade for their joint efforts in staging the show.

Dr. Palmer referred to the wide competition open to school children, and thought this was one of the notable features of the fair. Winners in the various classes were:

Class "A" fresh fruit, director George Gillis.

Red Delicious—1, T. B. Reece; 2, Mrs. G. W. Gillis; 3, Mrs. G. W. Gillis; 4, Mrs. G. W. Gillis; 5, Mrs. G. W. Gillis; 6, Mrs. G. W. Gillis; 7, Mrs. G. W. Gillis; 8, Mrs. G. W. Gillis; 9, Mrs. G. W. Gillis; 10, Mrs. G. W. Gillis.

Any other variety—1, Mrs. G. W. Gillis; 2, Stanley Tanada. Selection of four named varieties—1, W. B. Gore; 2, J. H. Blackey; 3, J. H. Blackey; 4, J. H. Blackey.

Pears—Anjou—1, A. Gogel; 2, W. B. Gore; 3, J. H. Blackey; 4, J. H. Blackey; 5, J. H. Blackey; 6, J. H. Blackey; 7, J. H. Blackey; 8, J. H. Blackey; 9, J. H. Blackey; 10, J. H. Blackey.

Peaches, Vee's—1, J. H. Blackey; 2, Mrs. L. M. Gerrie; 3, Mrs. L. M. Gerrie; 4, Mrs. L. M. Gerrie; 5, Mrs. L. M. Gerrie; 6, Mrs. L. M. Gerrie; 7, Mrs. L. M. Gerrie; 8, Mrs. L. M. Gerrie; 9, Mrs. L. M. Gerrie; 10, Mrs. L. M. Gerrie.

Any other variety—1, J. H. Blackey; 2, C. J. Tolhurst; 3, C. J. Tolhurst; 4, C. J. Tolhurst; 5, C. J. Tolhurst; 6, C. J. Tolhurst; 7, C. J. Tolhurst; 8, C. J. Tolhurst; 9, C. J. Tolhurst; 10, C. J. Tolhurst.

Winners of special prizes for highest aggregate points were: fresh fruit—Mrs. G. W. Gillis; silver cup donated by Westbank Community Club for annual competition, with twenty-three points.

Flowers—Silver flower basket donated by Mr. and Mrs. A. H. Davidson with sixty-three points.

Several interesting displays drew considerable attention, particularly the work of members of the C.N.I.B. Kelowna group, which included basketry, leatherwork and many other beautifully-made objects. Fine needlework was on display, as also were a group of drawings by Elena Peterson, as well as a drawing and an oil painting of his old Swedish home done by Mr. Peterson.

Mrs. Peterson brought a delicious cake to be raffled in aid of the Fair funds, besides which a pop-up toaster was also raffled.

Judges were John Smith, Kelowna; Mrs. Peggy Dillabough, dietitian at Kelowna General Hospital and Mrs. Williams, also of Kelowna and Nat May, of the Summerland Experimental Station.

Mrs. J. H. Blackey, fair secretary, worked hard and long, and as usual, did much toward the smooth running arrangements for the annual event.

Mrs. C. R. Cameron, with Mrs. W. H. H. Moffat and others, including the high school girls, served many people at the afternoon tea.

LADD CONFERS WITH PREMIER

Mayor J. J. Ladd, who, accompanied by Ald. Dick Parkinson, attended the British Empire Games committee meeting in Vancouver Monday night, also took the opportunity to confer with Premier W. A. C. Bennett over several matters pertaining to the city and the Okanagan as a whole.

While His Worship was not in a position to reveal details of the discussion, he stated talks were "very encouraging."

"We had a very attentive hearing," Mayor Ladd stated. "Despite the criticism which Mr. Bennett has been subjected to by opposition

parties, he is looking very fit, and I am sure he is trying to do his best under difficult circumstances," Mr. Ladd stated.

GARDEN TALK GIVEN BY NAT MAY

A well-attended meeting of the Kelowna and District Horticultural Society last night heard a lecture by Dr. J. Marshall on the evolution and genealogy of the modern rose. Nat May, head gardener at the Summerland Experimental Station, distributed Russian Sage and varieties of iris to the members, and tentative plans for a chrysanthemum parlour show to be held some time in October were made.

District Horticulturist, Frank Morton, was in the chair.

Penticton Will Go Dial This Week

TELEPHONE subscribers in the Penticton area will see the promise of "Dial for you—in '52" become a reality at 10 p.m. this Saturday when Mayor W. A. Rathbun initiates the "cut-over" from manual to dial service in the presence of the directors of the Okanagan Telephone Company, members of the City Council, Board of Trade and other civic and industrial representatives.

This final act, the culmination of two years of planning, engineering, construction and installation work, costing over half-a-million dollars, will find the long-familiar "Number please" replaced by the mechanical hum of the "dial tone," as \$250,000 worth of intricate automatic exchange equipment takes over the work of handling Penticton's telephone calls.

This Saturday Penticton will become the tenth automatic exchange in the company's 15-exchange system, and the number of subscribers on dial service will be boosted over the 10,000 mark—or 66% of the total. The Telephone Company installed its first dial exchange at Westbank in December, 1948 and each year since has converted additional exchanges to this modern operation. Penticton marks the third dial installation completed in 1952—previous exchanges being "cut-over" at Sicamous and Kelowna in March and April of this year.

Penticton's automatic exchange equipment, the second installation of its kind in B.C., was supplied and installed by Siemens Bros. (Canada) Ltd. Installation, which started in January of this year was carried out by a staff of twenty men working under A. W. Broadley installation supervisor. The Penticton exchange building has been designed to allow the dial equipment to expand to a maximum of 8,000 lines which will meet the requirements of the Penticton area for some considerable time.

The Penticton "cut-over" will complete another major part of the Telephone Company's vast, three-year, three-million-dollar program of expansion and modernization, first announced by its directors in May, 1950. The final phase of this work is to be completed in 1953, with the conversion of Vernon to automatic service in March and the introduction of operator toll dialing, the first installation in B.C., by mid-summer. Installations have already placed considerable exchange equipment in the Vernon office and full-scale installation work will follow Penticton's conversion to the new automatic telephone service.

FIRE BRIGADE PLANS TO HOLD 'OPEN HOUSE'

Public will have an opportunity to inspect Kelowna's new fire alarm system, when the city's volunteer fire brigade holds an "open house" on September 17.

The new alarm system was installed several weeks ago, and is considered one of the most up-to-date for a city of this size. Fire hall has been extended to make room for the new equipment, while another truck has been added to the brigade's modern fire-fighting equipment.

Purpose of the "open house" is to give ratepayers an opportunity of examining the equipment which was purchased under a fire department bylaw approved by taxpayers earlier in the year.

More About 2 MAN LEAVES COMPANION

(From Page 1, Column 8)

Doucet was found in the city in a badly dazed condition at 4:00 a.m. Tuesday. Taken to hospital for treatment for chest injuries, he either could not, at the time, nor would not say how he had become injured.

Police today were convinced he could have given the information about the wreck if he had wanted to. Doucet was picked up 29 hours before his companions were found.

He is believed to have scrambled back to the highway and got a lift into the city. Police are seeking the motorist who brought him to Kelowna.

The driver is believed to have lost control of the auto, possibly because of excessive speed over the bridge. Road signs warn of a maximum speed of 30 miles an hour.

Police believe the accident happened shortly after midnight. The auto was reported stolen at 11:00 p.m. Monday by owner George Falcomer of Vernon.

The gaping hole in the railing "apparently" went unobserved for nearly a day and a half. At least it wasn't until Tom Carney, a resident along the highway a short distance north of the bridge, stopped yesterday morning for a closer look.

He saw where the brush had been flattened and then noticed the wheels of the car. Partially crippled himself, he didn't venture down to the death car but called police immediately.

Constables, Pat Heinskey and Gordon Lake responded. They found the dead man huddled under the driver's wheel and the injured man lying on his side about 15 feet away and in the path taken by the rolling vehicle.

The injured man was in a semi-conscious condition. He moaned something about his badly smashed elbow. He was taken to hospital in Shaw's Ambulance while a Smith Garage tow truck righted the auto.

The dead man was believed to have been driving. All three occupants were in their early twenties or late teens. The dead man is of swarthy complexion with long black hair.

NOT SURE OF IDENTITY
Police this morning still were trying to trace relatives of the dead man. They said they weren't actually sure of his identity as yet.

Cornet P. J. A. Urquhart began presiding over an inquest this afternoon. He adjourned the inquest after the six jurymen viewed the remains of the dead man.

Official low temperature in the city Tuesday night (early Wednesday morning) was 43. Temperatures in the district where the car was wrecked usually are three to five degrees cooler at night.

Cpl. Jack Poole, Well-known Police Officer Transferred To Victoria

Corporal Jack G. Poole, well-known law enforcement officer here, has been transferred to Royal Canadian Mounted Police divisional headquarters at Victoria.

He will move to the capital city as soon as arrangements can be completed. He is expected to be succeeded by Corporal Ed Anderson of Vernon.

A native of Salmon Arm, Cpl. Poole had been posted in Kelowna for 8 1/2 years. He was raised to the rank of corporal in May of this year.

His going will leave only two of the policemen who were on strength here when the B.C. Provincial Police became part of the Royal Canadian Mounted Police in August, 1950. The two remaining are Sgt. Tom Quigley, NCO in charge of the local detachment, and Constable Hugh Dryburgh.

OTHERS TRANSFERRED

Others here at the time of the switch-over have been transferred to other detachments, mostly in the province. Some have quit police work altogether.

Joining the B.C. Police in June, 1939, Cpl. Poole served in Golden, Kamloops, Pioneer, Victoria, Merritt and Fort St. John before coming to Kelowna in 1944.

Mrs. Poole, recovering from an operation in Kelowna General Hospital at the present time, and son Allan and daughter Judy will go to Victoria as soon as possible.

The Poole residence in Kelowna is at 814 Glenn Avenue.

Cpl. Poole had taken an active part in the lacrosse club, managing the team for two years. Last winter he took part in Kelowna Little Theatre activities, appearing in a minor role in two productions.

CPL. JACK POOLE

Large Proportion of Apple Crop Will Run Medium Size

SISTERS MEET
EAGLESHAM, Alta.—Two sisters met for the first time in 44 years at this Peace River country town. Mrs. Gilbert Randall of Sarnia, Ont., paid a surprise visit to Mrs. W. H. Campbell of Eaglesham.

PLANS ABANDONED
PRINCE ALBERT, Sask.—The province has abandoned indefinitely plans for construction of a \$400,000 government building here. The building was to have housed the health region offices and the district land titles office.

Mrs. Turk Broda Compares Blue Bonnet — Says It Stars!

Accept an invitation from Mrs. Turk Broda. Compare DELUXE Blue Bonnet Margarine with any spread at any price! Like the wife of the famous hockey goalie, you'll rate DELUXE Blue Bonnet "All-star" for its fresh, sunny-sweet flavor... rich nutrition... real economy! DELUXE Blue Bonnet is truly Canada's finest all vegetable margarine. And it's so handy. Now each golden-yellow quarter pound is individually wrapped in pure aluminum foil with an inner parchment lining. The handy measuring guide on each package shows exactly where to cut for recipes. Get DELUXE Blue Bonnet now and enjoy all these DELUXE advantages.

LARGE proportion of the 1952 McIntosh apple crop will run to the medium size, and with continued warm days and cool nights, desired coloring will be reached before harvesting gets underway within the next two weeks.

Provincial department of agriculture report released today stated the peach crop is now being cleaned up; Wealthy apples and Flemish pears are now being picked, while the prune crop may exceed earlier estimates.

This year's apple crop is expected to top the 7,000,000 mark—equal to that of 1950. If such is the case, B.C. Tree Fruits Ltd., will have another hectic year disposing of a heavy crop. Last year's yield was around 4.5 million boxes.

Apicot yield showed a 700 per cent increase compared with 1951. Last week, Tree Fruits cleaned up the last of the 542,324 lugs shipped to the fresh fruit market. This compared with 71,750 lugs last season.

PEACH SALES

Peaches sales on the whole have been satisfactory. It was stated. The transcendent season for crab-apples is drawing to a close, and it is estimated around 85 per cent of this variety has been marketed. Fall-planted crop of onions is nearly disposed of and it is anticipated that No. 1 spring-planted onions will be ready for shipment within two weeks.

Agricultural officials reported sizing of apples in the north end of the valley is spotty, fruit running to heavy and medium south of Vernon, with smaller sizes north of the Okanagan city. Staked tomato crop is over and excellent yields reported. Onions are now being harvested, and the potato crop appears to be running a little light on tonnage.

Apples are coloring normally in the Kelowna district. The large size indicated on Macs earlier in the season, has slowed down and the bulk of the crop should be in desirable size. Main crop of peaches are being cleaned up. Insects are under control.

Cooler weather has slowed harvesting of Bartlett pears and V peaches in the Summerland district. At Penticton, a recent windstorm caused heavy damage to orchards fronting Okanagan Lake and re-

sulted in excessive drop of fruit, especially Macs and Flemish Beauty pears. A few peach limbs were broken off.

Oliver district is in the midst of prune harvest. Crop is better than it has been for several years. Macs are also being harvested at the present time.

REPORT BY DISTRICTS

Following is the report by districts:

CHASE TO LILLOOET

As reported September 2: For the past two weeks the weather has been cooler with afternoon temperatures in the seventies or low eighties. On August 30 a new low of 27 was recorded.

The apple crop has sized satisfactorily, and, due in part to suitable climatic conditions, good coloring is evident. Wealthy harvesting is now completed. McIntosh picking will not take place in volume until about the middle of next week. Estimates will be revised upwards.

The lateness of the tomato crop is of concern to growers and canners. There is sufficient volume of tomatoes for packing houses but their orders are slow and they haven't sufficient volume of other crops to handle mixed cars readily. Canners have been operating as supplies accumulate. However, full scale operating should commence toward the end of this week. Early potatoes are now cleaned up and sales will commence in two or three weeks. Harvesting of corn is well under way and there is a normal movement of beets, carrots and most other vegetables. The picking of hops will commence shortly. Early potatoes are now cleaned up and sales will commence in two or three weeks. Harvesting of corn is well under way and there is a normal movement of beets, carrots and most other vegetables. The picking of hops will commence shortly.

Transcendent crabs have been picked and the growers are picking Wealthies just now. The quality of the Wealthy this year is much improved over last season. Where adequate thinning has been carried out the size is excellent. The size and color of the McIntosh crop is progressing favorably. Losses from cooling moth are much reduced from last year. There is not likely to be many "Macs" picked before September 15. The prunes continue to show a fairly heavy drop which may cause a reduction in the estimate. Sizing is satisfactory where the trees are sound. Picking will not commence for ten days. Bartlett pears are tending to be small as the trees are still weak. The Flemish Beauty pears are very promising this year.

ARMSTRONG, VERNON, OYAMA WINFIELD AND OKANAGAN CENTRE

As reported September 3: Since our last report the weather has been somewhat cooler. During the night of August 29 a heavy rain fell in the northern part of the district and on the night of August 30 a light frost was experienced that cut down the more tender vegetable varieties in a few outlying areas but did no commercial damage.

Sizing of apples appears to be quite spotty, in general. McIntosh in the southern part of the Vernon district, will likely run fairly heavy to medium sizes, whereas in the northern area some orchards will run more to the smaller sizes. McIntosh are now taking on color and should greatly improve with the cool nights and sunny days we are now experiencing. Early pickings of McIntosh will likely be made about the beginning of next week but will not be general until around September 15. Picking of Wealthies appears to be in almost full swing at present and the peak should be reached during the next week-end. Translucent crabs are about over and Hyslops are now being picked and should be cleaned up within the next ten days. Bartlett pear harvesting will be finished during the next week and Flemish will commence the next few days. Very little gumming of prunes has shown up to date. At present it looks as though the prune crop will run over earlier estimates.

The staked tomato crop is over and some excellent yields have been obtained. Onions are now being harvested and a potato crop appears to be running a little light on tonnage. The local canner is now working on pears and tomatoes, and expect to can peaches within the next week. Pests at present are confined to aphids and codling moth. Seab has also shown up considerably in some orchards and that, coupled with codling moth, could reduce tonnage in some areas.

Harvesting of the grain crop is almost completed and the late cut alfalfa is now under way throughout the district. Fall plowing is

(Turn to Page 5, Story 1)

Let's Check Our Driving Manners

This is another of a series of short articles on the laws designed to protect drivers and pedestrians from property loss, injury and death. The articles are carried as a refresher to local drivers in the hope that they may be the means of preventing just one accident.

ARTICLE SEVEN

Give a pedestrian who may be left on a crosswalk at an intersection by a quick change of traffic lights from green in his favor to green in the motorist's favor, time to get over.

Don't edge forward to cut him off. You'll be in the wrong—and endangering his life and your own freedom!

Do that even where there are no traffic lights.

SALVATION ARMY HEAD SPEAKS HERE

Major W. Lorimer, will be guest speaker at a special service at the Salvation Army church, September 18. An officer of the Salvation Army for 27 years, Major Lorimer will address a children's congregation at 4:00 p.m., and at 8:00 o'clock, will speak to adults.

The Salvation Army official is responsible for—Sunday Schools, Junior bands and singing companies; Scouts, Guides, Cubs, Brownies and youth groups in southern B.C.

Before coming west, he was stationed in Montreal, Oshawa, Toronto, Windsor, Winnipeg and Calgary. He was guest speaker at Good Friday and Easter week-end services held at Brooklyn and New York City in 1946, and while at Oshawa, was secretary of the Ministerial Association; was a member of the Youth for Christ executive at Winnipeg, and last February at Calgary was chosen to conduct the massed church choirs in Stainer's "God So Loved the World" for the civic memorial service for the late King George VI.

FORMER LOCAL WOMAN OBJECT OF SEARCH

A forgotten insurance policy, taken out 43 years ago, has prompted an intensive six-months search for a policyholder, who, if alive, would be approximately 91 years of age.

The Penn Mutual Life Insurance Company has asked The Courier's assistance in searching for Mrs. Christian Lanzendorfer, or her heirs, who was a widow residing in Reno, Nevada, at the time the policy was taken out. She served as housekeeper for her son, Conrad E. Lanzendorfer, Jr., whom she named as beneficiary.

So far, the search has been to no avail. According to fragments of information gleaned by the company in its search, the son was a professional musician and played piano and organ many years ago in a local theatre in Reno. He later moved to the west coast where, under the professional name of Lee Maynard, he conducted a dance orchestra. He was known to show people a "bad" Maynard but apparently did not belong to any musician's union. He was married in 1911 to Miss Bernice Belda Bush in a ceremony at St. Mark's Church, in Seattle, Wash.

Mrs. Lanzendorfer was remarried to a man named Abe McMillan and the professional musician for a time lived in Kelowna. Continued efforts to trace the policyowner revealed Mr. McMillan died and his wife left the city. There were no children. Information as to the whereabouts of Mrs. Lanzendorfer after Mr. McMillan's death is lacking.

A sum of \$300 is involved and anyone able to furnish any information on the family is asked to contact the Courier.

PEOPLE FAVOR CHEQUES WHEN PAYING BILLS

Cash Method Wastes Time And Is Risky

Canadians now complete more business transactions by cheque than by cash. The reason is that paying by cash usually involves making a tiresome round of stores and offices, whereas writing and mailing cheques does the same job quickly and easily.

Another advantage is that carrying a cheque-book is much safer than keeping large sums of cash in pocket or purse. Lost cash can bring trouble ranging from irritation to tragedy. But a lost cheque-book costs nothing to replace and does not endanger the owner's savings.

Should a filled-in cheque be mislaid, a prompt call to the bank will stop payment of it. Furthermore, a cashed cheque automatically becomes a receipt, thus giving the payer extra protection.

This modern way of paying bills is available to everyone at the Bank of Montreal. See Mr. Oldenberg, accountant at Kelowna branch. Small accounts are welcome.

Modern Service Station

THE ABOVE PICTURE shows the modern Benny's Service Station, situated in the heart of the auto court district on the Vernon Road. Operated by Ben Ueda, the new B-A station features the latest facilities for efficient mechanical repairs.

Benny's Auto Service Latest Local Garage To Be Renovated

LATEST addition to the growing list of attractive new or rebuilt depots for automotive care and attention is Benny's Auto Service and Garage at the junction of King Street and the Vernon Road.

The station officially opened last Saturday where hundreds took advantage of the opportunity to look around at the city and district's latest in service centers for the discriminating motoring public.

Operated by Ben Ueda, the new British-American station, situated at a vantage curve at the outskirts of the city and on much-travelled Highway 97, Benny's Service offers the average motorist complete car care—from a drink of water to a thorough overhaul.

Approaching the new station either from Five Bridges or the City of Kelowna proper, the driver cannot help but be arrested by the choice of location, the invitingly clean environments.

EXPERIENCED MECHANIC

This service unit, built along lines now becoming standard with British American oil, is in the heart of the auto court area. The spacious pump island is an eye-catcher in itself, being wide, easily accessible and jauntily illuminated.

Ben Ueda took over operation of the service station in 1948 after spending years gaining mechanical training at Orchard City Motors. He feels the experience he gained in the large city garage has been invaluable in helping him provide an all-round service at Benny's.

Ben Ueda is Kelowna-born and educated, having attended schools in both Kelowna and Benvoulin. He has two children and is active in both Japanese and community affairs. He is a popular member of the Kelowna Kiwanis Club.

In keeping with up-to-date requirements, Benny's Service Station has rest rooms on a par for cleanliness, attractiveness and practicalness with any in the entire valley.

SPOTLESS REST ROOMS

The "outdoor privies" went out with the Model T and keeping spotless rest rooms for the ever-increasing travelling public is as much a part of the service of any auto depot now as dispensing gasoline.

A specialty of Benny's is a pick-up and delivery service. A motorist may phone to have his auto picked up, serviced and returned to his home or place of business at an appointed time.

The eastern part of the city, the auto court settlement, Five Bridges and Benvoulin welcome this latest attractive business venture to a fast-progressing district.

NO SCHOOL

HALIFAX—Suburban Africville will be without a school this year for the first time in generations. The Halifax school board has decided to bring Africville children to other Halifax schools by bus.

Specially Written for The Courier

By HARRY ECCLES

Canadian Press Staff Writer

Prime Minister St. Laurent does not believe the United Nations should demand the unification of North and South Korea, if that would mean the risk of touching off global warfare.

Speaking at Victoria during his tour of British Columbia, Mr. St. Laurent said at the week-end that United Nations policy in Korea will have the full support of Canada so long as it is based on determination "to hold back the aggressors from the north... to prevent this military action from bursting out into full-fledged war."

Canada's support would be limited only by her commitments elsewhere and the need for providing adequate defences at home.

He said that increased trade with the Orient and all-out support of the North Atlantic Treaty Organization are the best ways in which Canada can help to resist Communism on both the European and Pacific fronts. He described N.A.T.O. as "the best insurance policy" for maintaining peace and added: "Everything else we hold dear depends on the maintenance of peace. Fourteen nations have pledged support (in N.A.T.O.) so that an aggressor is warned that once he is embarked on war he must overcome us all."

General J. Lawton Collins, the United States army chief of staff, said at supreme headquarters of the Allied Powers in Europe, at the week-end, that North Atlantic Treaty forces in Europe eventually will be supported by atomic weapons.

Collins told a press conference that discussions are under way integrating weapons, including artillery and guided missiles, into the European forces. He said however that such weapons "are not available immediately."

He warned it would be a mistake to believe that the number of divisions immediately required in Europe could be reduced by the use of new weapons. Such weapons would naturally lessen the size of future defensive forces, but for the present Europe would need to live up to its scheduled military expansion for effective defence against possible attack.

Collins would not say how soon atomic tactical weapons would be coming off U.S. assembly lines, but conceded that it would be in "less than 10 years." He said all planning was based on the assumption the Russians also may have atomic artillery.

CIVIL DEFENCE
Canada's federal co-ordinator of civil defence, Maj.-Gen. F. F. Worthington, said in London that he plans to study new phases of civil defence work while in Europe, and put them into effect in Canada this winter. Worthington goes from England to visit civil defence authorities in France and Holland before taking a course at the British civil defence training centre.

U.S. FOREIGN POLICY
The "Voice of America," the United States state department radio, is telling western Europe that despite hot words in the home campaign there is evidence that both the Republican and Democratic presidential candidates are agreed on the main points of United States foreign policy.

The official radio recalled Republican candidate Dwight Eisenhower's statement that "we can never rest, and we must so inform

Like everything else, there's a right and wrong way to making sandwiches. And in order to speed production, it's much easier to have the ingredients in one spot. That's one reason why a handy "Porky the Pig" is useful. Here are the directions.

Get a piece of three-sixteenth inch Masonite tempered preswood. It's a real toughy. There'll be no splinters in the sandwiches either, because it's splinter-proof and it is also highly resistant to moisture and food acids.

A good size is 12 by 18 inches. Mark the design with pencil or chalk on the moisture-resistant hardboard and cut it out with a jig saw. Edges may be bevelled with a sandblock, plane or file.

Then, just drill a hole in "Porky's" tail so the board may be hung out of the way when not in use. It's also an ideal kitchen device to keep clean. All you have to do is wash it at the same time you're doing the dishes.

Here's another handy object and just the thing for warm season outings. It's a folding chairette which can be nailed together by the home mechanic in your family. It is light and durable and can be carried conveniently by fabric handles.

Make two frames of one by two inch lumber each 15 inches square. When joined by hinges, one becomes the seat and the other the back. Cover each frame with three-sixteenth inch tempered masonite. Fasten the hardboard either with a waterproof adhesive or with countersunk brass screws and run pieces of clothesline through them, knotting the ends.

You can paint the "chair-ette" with a primer coat and two coats of exterior paint. Another idea too, is to paint on them the names of each member of the family, if you're making more than one. Either do this by a stencil or by applying decoumanias. And here's another thought. A foam rubber cushion will add comfort and there you have it. The ideal thing for a

FAMILIAR FIGURE
REGINA—Mrs. Simpson, 75, of Regina, has not missed an exhibition in the city since the first stock show in 1884. He was a familiar figure at the provincial exhibition again this year.

the Kremlin, until the enslaved nations of the world have the fullest freedom." Actually, the Voice told Europe, Eisenhower said nothing about using U.S. armed power to liberate the Soviet satellites.

Then it quoted Democratic candidate Adlai Stevenson as commending Eisenhower's foreign policy views, and as saying specifically on the liberation issue: "We (meaning the U.S.) will continue to work for the day when all people will be free to choose their own government and walk again erect and unafraid."

FAMED ACTRESS DEAD
Gertrude Lawrence, 51, the toast of the stage in New York and London, died in a New York hospital after a short illness. The English born actress made her name in musical comedy. Two of her greatest successes were the 1930 light comedy "Private Lives," written especially for her by Noel Coward, and the 1935 John Golden production of "Susan and God." A top star for more than 25 years, she had left her Broadway role in "The King and I" only a few days before her death.

IDEAL CONDITIONS STILL EXIST FOR MIGRATORY BIRDS

More than 50 percent of the record 1952 duck crop on the Canadian prairies now is on the wing, the hatch from repeat and late nesters is excellent and weather-water conditions remain ideal.

That cheery portrait is painted by the current issue of the Ducks Unlimited "Duckological," prepared by Chief Naturalist Bert W. Cartwright from reports by DU fieldmen and a host of voluntary Keesmen across the waterfowl nesting grounds.

Cartwright's summation reveals that "there has been a minimum of loss from drought, flooding, hail and other natural hazards... no serious outbreaks of botulism have been reported to date and brood counts are running well above average in all three provinces."

LARGE BROODS

The spotlight on Alberta brings out the fact that the foothills province is enjoying "generally good" water and waterfowl conditions and large broods are common. Referring to Saskatchewan, Cartwright states: "Waterfowl production can only be described as phenomenal."

Despite a one-quarter reduction in breeding stock and a one-half reduction in sloughs and potholes as compared to last year, Manitoba's production is listed as "good and overall will be only slightly less than that of 1951."

Touching on the brood counts by

Kee-Mee, July 28-Aug. 3, the we have a total of 10,802 broods "Duckological" states. "Adding all counted, comprising 81,775 young—species and provinces (3) together, an average of 7.5 per brood."

Best Wishes...

Sensational New Discovery in Feminine Protection!

New Modess
with petal-smooth luxury fabric instead of gauze

**More Absorbent!
Stronger! Safer!**

Never in the development of the sanitary napkin has there been such a step forward as now petal-smooth Modess.

Now—in place of flimsy, ravelly gauze—Modess is covered with a luxurious new fabric. A wonder-fabric of rayon and cotton that's softer than gauze—yet firmer and stronger.

More absorbent! More protective! Gloriously chafe-free! Thousands of women say the new petal-smooth Modess is the most comfortable, most protective napkin they've ever worn.

Now on sale wherever sanitary napkins are sold—in Regular, Super and Junior absorbencies, in packages of 12's and 48's.

Only Modess has this new petal-smooth covering!

Needlecraft News

by Pauline Roy

A PIECE OF MATERIAL cut in the shape of a design or a band and sewed to a contrasting material is called appliqué. It may be of any fabric—cotton, felt, rayon, lace, velvet or even leather. Appliqué can be used effectively as trimming on blouses, dresses, aprons, hats, sweaters, belts, bags or children's clothes. Home furnishings, such as luncheon cloths, curtains, and bedspreads, may also use this type of trimming.

Create Your Own Designs

You can buy ready-made patterns for it which include directions, but you can also create your own designs by drawing it on a piece of heavy paper and cutting out a pattern from it. Use the pattern to cut out the material. This is an excellent way to use up odd pieces of materials. Be sure to allow enough material for turning under all edges at least one fourth of an inch. Felt, ribbon and leather pieces are the exception since the edges of these materials need not be turned under.

How to Apply Appliqués

If the edges are to be turned under, baste a narrow hem all around. Then pin the pieces to the article which is being appliquéd, and when you are sure each piece is in the right place, stitch it on. Appliqué can be done by hand and by machine—with visible whipping-stitches, running, or machine stitches, or blanket-stitches of crochet thread or yarn. Use fine self-color thread if you want the stitching to be inconspicuous—heavier thread in a contrasting color if you want the stitches to stand out in relief against the background of appliqué.

Colorful Back to School Ensemble

Felt weskit and beanie colorfully trimmed with gay felt appliqués make an attractive back-to-school ensemble. If you would like to have a leaflet which contains directions for the appliqués, as well as a pattern for the beanie, just send a stamped, self-addressed envelope to the Needlework Department of this paper requesting WESKIT AND BEANIE, Leaflet No. E-2511.

COOK'S CORNER

TO CAN OR FREEZE PEACHES

Peaches may be canned either cold or hot pack method. In either case, a moderately thin syrup made with one cup of sugar to one and one-half cups of water is used.

COLD PACK

Blanch peaches 15-60 seconds, dip in cold water. Remove skins and pits. Drop in brine bath made with one teaspoon salt in one quart water. Drain. Leave in halves or slices. Pack, cups down if halved. Cover with boiling syrup leaving half-inch headspace with glass sealers and one-quarter inch headspace with tin cans.

To help prevent any possible darkening of light-colored fruits, ascorbic acid (Vitamin C) may be added to the sealer just before filling with fruit. The suggested amount of ascorbic acid is 200 milligrams for each quart and 150 milligrams for each pint. When the processing is complete and the sealer is cold, invert for a short time to distribute the dissolved ascorbic acid more evenly. Process in a boiling water bath 20 minutes for pint sealers or 20-oz. cans and 25 minutes for quart sealers or 28-oz. cans.

HOT PACK

Blanch peaches 15-60 seconds, dip in cold water. Remove skins and pits. Drop in brine bath. Drain. Leave in halves or slices. Bring to boil in syrup and simmer three minutes. Pack hot leaving one-half inch headspace for glass sealers and one-quarter inch headspace for tin cans. Process in a boiling water bath 15 minutes for pint sealers or 20-oz. cans and 15 minutes for quart sealers or 28-oz. cans. If the peaches are to be oven canned, they should be processed in the oven for 25 minutes at 275 F.

FREEZING PEACHES

Frozen peaches are a very acceptable product. Peaches discolor readily and require quick, careful handling and special treatment to prevent darkening. The following method has been found effective. Use 200 milligrams of ascorbic acid per cup of syrup. Crush tablets and dissolve in syrup. While the use of ascorbic acid will prevent discoloration in peaches, it adds considerably to the cost. To freeze peaches, choose firm ripe peaches, blanch in boiling water one-half to one minute then dip in cold water. Remove skins and pits, slice fruit directly into syrup in containers. Use a cold moderately thin syrup made by adding one cup of sugar to one and one-half cups of water.

Thrifty meal planners can have variety in their meals and help the family food budget by keeping up to date on market supplies and prices. They will know that all meat is available in plentiful supply and right now pork is one of the best buys. This should please most appetites for, with cooler days approaching, the family will enjoy a good rib roast of pork served either hot or cold.

There are a number of other cuts too which can be seen at meat counters these days. Probably the most familiar is the leg of pork or fresh ham. It is divided into the shank and butt ends, both of which may be roasted. One or two slices are sometimes cut off the shank end and these can be either baked or braised as fresh ham steaks.

The loin may be divided and sold as three different loin roasts—the ham end, the centre and the rib end. To make two meals of a rib or centre loin roast, have your butcher cut off a few rib chops, then roast the rest of it. Be sure to have the back bone cut through so that the roast may be easily carved by slicing between the ribs. In this way, each serving has a good portion of meat and bone. The ham end of the loin roast is the one which has the tenderloin. It is often removed and sold as a separate cut.

Shoulder roasts are sometimes sold as "fresh picnic" and "Boston butt." These cuts may be bought either bone in or boneless.

One of the most important points in cooking pork is that it should be

cooked to the well done stage. At this stage the pork has completely lost its pink color and is greyish-white throughout. If a meat thermometer is used it will register an internal temperature of 185 F. Pork should be roasted without water on a rack, in an uncovered pan, fat side up, in a 300 F. oven for 40-45 minutes per pound for leg or loin roasts and for 50-60 minutes for shoulder roasts.

Spareribs rank high among meat favorites and there are almost as many versions of this popular meat dish as there are cooks. Barbecued spareribs are a special treat for buffet suppers for the young crowd. To make them easier to serve, have the butcher cut them into serving size pieces, about three inches in length, with about three ribs to each serving. Allow at least two pounds for 3-4 servings.

The home economists of the Consumer Section, Canada Department of Agriculture suggest that spareribs should first be browned for 30 minutes, uncovered in a 350 F. oven then covered with a favorite barbecue sauce and cooked, covered,

for about 30 minutes longer. The pan is then uncovered and the spareribs cooked 20 minutes longer or until they are crisp and brown. The home economists have this recipe for barbecue sauce made with canned tomatoes which gives the spareribs a rich, red color. This recipe makes enough sauce for two pounds of spareribs.

BARBECUE SAUCE FOR SPARERIBS

2 cups canned tomatoes
1 tablespoon spicy meat sauce
1/2 teaspoon chili powder
1 teaspoon dry mustard
2 tablespoons brown sugar
2 tablespoons vinegar
1/2 cup chopped onion
Salt and pepper to taste

Combine all ingredients and mix thoroughly.

Another way to prepare spareribs is to cook them completely, then dip into a barbecue sauce when they are served. To do this bake in a 325 F. oven, on a rack, in an uncovered pan for one hour. A third way to serve spareribs is stuffed. For these, allow three-quarters of a pound for each person. Use two sides of spareribs or about three pounds for four servings. Place one side of the rib hollow side up on a rack in an open roasting pan. Spread with bread dressing then cover with a second side of ribs, hollow side down. Skewer or tie together and roast uncovered in a 325 F. oven for one hour or until tender. To carve, cut between the ribs giving each person two or three ribs with dressing between.

LOCAL COUPLE EXCHANGE VOWS IN MID-OCTOBER

Mr. and Mrs. C. G. Murdoch announce the engagement of their youngest daughter, Helen Dorothy, to Mr. Howard Oscar Amundrud, son of Mr. and Mrs. O. Amundrud of Aylesbury, Saskatchewan.

The wedding will take place October 15 at 2:30 p.m. at First United Church, Kelowna, B.C.

MANY VISITORS AT WINFIELD OVER WEEKEND

WINFIELD—Guests at the home of Mr. and Mrs. George Edmunds over the Labor Day week-end were Mr. and Mrs. A. Stone of Cultus Lake, also Mr. and Mrs. Thomas Scott and son Gordon on Sunday last.

Mr. and Mrs. R. Shipley of Ninette, Manitoba, also paid a short visit on their way to Victoria.

Mrs. J. H. Baldwin of Vancouver and J. A. Lidstone of Calgary, visited their sister V. R. McDonagh on Labor Day.

Mr. and Mrs. George Pettigrew, formerly of Winfield and lately of Ocean Falls, have moved to Trail.

Mrs. Bob Stewart and children, Robbie and Bonnie of Seattle, were guests of Mrs. Ross McDonagh recently.

Visiting at the home of his brother-in-law, A. J. Cook is E. Walmesley, Langley.

Miss Hembling, of Penticton, is a recent addition to the teaching staff at Winfield Elementary school.

Richard Metcalfe is home from his duties as lifeguard at Kamloops.

Mr. and Mrs. Urquhart of Kelowna have taken up residence in the house formerly occupied by Mr. and Mrs. J. Green, having purchased seven acres of the property adjoining.

Mr. Allan Porter and Mr. Percy Smith are home from Nechako to spend two weeks with their families.

Miss Marion Metcalfe and Miss Eva Edmunds leave on Thursday for St. John, where they will be stationed with the R.C.A.F.

Rally Day services will be observed in the Winfield United Church on Sunday afternoon, Sept. 21 at 2:30 p.m. Rev. P. Mallet will conduct the service.

Charming Wedding Group

STANDING IN CENTRE of the beflowered arch are Mr. and Mrs. Allan Anderson who were married August 30, at First United Church.

Following the ceremony, a reception was held at the Willow Inn where 100 guests were received by the newlyweds, assisted by brides-

maids, Miss Sybil Rabone, Miss Barbara Ann Osterstrom; groomsmen, Mr. David Anderson, Jr., Mrs. David Anderson, Jr., matron of honor; the groom's parents, Mr. and Mrs. David Anderson and the bride's mother, Mrs. Winnifred Miller.

Joy To Shut-Ins

J.W. Hughes Ships Thousands of Tulips, Peonies, Gladioli To Various Points

By OLI DAUM

J. W. Hughes, owner of 110 acres of rich farming land in the Mission, is a commercial grower known in Canadian markets for his tulips, peonies and gladioli as well as for his grapes, prunes and apricots but he is better known in this district as "J. W." who donates his beautiful flowers to any organization planning an event, to weddings and to numerous displays and exhibitions.

Busy as he is, for six years Mr. Hughes has taken the time to bring joy to shut-ins not only in Kelowna and in B.C. but also to shut-ins in Calgary, Regina, Saskatoon, La-combe, Red Deer, Drumheller, High River and Banff, who have been all but forgotten by other means. He cuts hundreds of dozens of tulips, peonies and gladioli, each in their season and ships them to the Rotary clubs in each of these cities, which look after their distri-

bution. Mr. Hughes also sends flowers to Tranquille and to the Physically Handicapped Society in Edmonton, which has 165 members. Many who receive his flowers write him letters expressing their appreciation. Most of these people, Mr. Hughes has never met personally.

To the large cities, Mr. Hughes sends approximately 150 dozen flowers and to the smaller centres, about 60 to 75 dozen.

Mr. Hughes began farming 20 years ago on the Black Mountain ranch and in 1939 he moved to his Okanagan Mission ranch, then, nothing but a bush. Today it stretches across 70-75 acres of grapes, 15 acres of prunes and apricots, one acre of tulips, one acre of peonies and 10-12 acres of gladioli. Mr. Hughes also has one thousand bushes of roses which he cultivates as a hobby.

DOUBLE RING CEREMONY HELD CHURCH RECTORY

A double ring ceremony united in marriage Laurette Therese Poltras, daughter of Mr. and Mrs. Leon Poltras, and Robert Murray MacCheyne, son of Mr. J. C. MacCheyne and the late Mrs. MacCheyne of Wilson Creek, Washington, on Saturday, September 6, at 3:00 p.m. in the rectory of the Church of Immaculate Conception.

Rev. W. B. McKenzie officiated. Given in marriage by her father, the bride was beautifully attired in a ballerina length gown of nylon net over satin. The strapless bodice was sprinkled with rhinestones and a stole covered her shoulders. The full-skirt featured many layers of nylon net. A lace bonnet trimmed with orange blossoms held her waist length veil, beautifully embroidered and she wore long net gloves. The bride's bouquet was of small red and white roses posed on a white prayer book. She wore the groom's gift of a pendant and earrings.

The bride's only attendant was Miss Charles Poltras, gowned in mauve. Her pleated skirt of nylon net over tulle was topped by a fitted lace bodice. Her headpiece of pale green net in bonnet style was matched by pale green gloves, and she carried a bouquet of mauve

and yellow gladioli interspersed with tiny chrysanthemums. Groomsman was Mr. Kenneth Arlt.

For her daughter's wedding, Mrs. Poltras chose a dress of navy crepe trimmed in navy and white check and navy accessories.

A wedding supper for 75 guests was held at the bride's home following the ceremony. The bride's table, draped with a lace tablecloth was centred by a three-tiered wedding cake set in white tulle sprinkled with gladioli blossoms.

Rev. W. B. McKenzie proposed the toast to the bride, to which the groom responded.

For their honeymoon, which will take them to Coastal and U.S.A. points, the bride donned a tailored suit of navy and navy accessories. Her hat was of pink flowers, and she wore roses on corsage.

Out-of-town guests included Mr. and Mrs. Floyd Underwood, Shar? on, Marlene and Diane, Mr. J. C. MacCheyne, Mr. and Mrs. Claude Pearce, Mr. and Mrs. Allan Achar, Mr. and Mrs. L. D. Ackerman, Mr. and Mrs. Cecil Pfeiffer, Mr. Kenneth Arlt, all of Wilson Creek, Wash., and Mr. and Mrs. Gagne of Vernon.

MENTAL HEALTH ADDRESS GIVEN LOCAL WOMEN

At the monthly meeting of the Women's Auxiliary to the Public Health Service, guest speaker was J. Billyeald, of the teaching staff of School District 23, who has specialized in the study of problems affecting mental health in childhood and youth.

He gave an interesting review of his recent course in mental health at the University of Toronto, and spoke of his hopes for bringing about greater co-operation between the home, the school and other community resources for the benefit of the child.

ENGAGEMENT IS ANNOUNCED

Mr. and Mrs. Morton B. Palge announce the engagement of their daughter, Doris Morva, to Mr. Christopher McCormick, elder son of Mr. and Mrs. Peter McCormick. The wedding will take place on October 4.

UNWELCOME VISITORS

"MEDICINE HAT," Alta. — Ten thousand honey bees turned up on the city property of Jacob Schlenker, who is not an apiarist. He had quite a problem on his hands before he found someone to take them away.

EAST KELOWNA FALL FAIR HEADS MEET

EAST KELOWNA—The Fall Fair committee met in the Community Hall on last Friday when reports were given on the recently held Fair.

The convener, R. C. Pethybridge expressed his thanks to all for their co-operation and help in every way, making the P.T.A.'s second annual Fall Fair an outstanding and financial success.

Mr. and Mrs. Marlow Hicks have had as their guest Mr. and Mrs. Jack Irwin and family of Viceroy, Sask.

Mrs. H. R. Perry left the beginning of the week for Kamloops. From there she plans to fly to Fort St. John to spend three weeks holiday with her son and daughter-in-law, Mr. and Mrs. Clifford Perry.

Miss Shirley Kjelson, of Vancouver, was a guest at the home of Mr. and Mrs. Marlow Hicks.

Phyllis and Betty Nelson, of Summerland, have returned to their home, having spent the summer holidays at their grandparents, Mr. and Mrs. Gothard Johnson.

Frank Christie met with an accident while working in the mine at Copper Mountain. He will be recuperating at home for the next few weeks.

The sympathy of all is extended to Mr. and Mrs. A. M. Thompson in the death of Mrs. Thompson's father, who passed away during the week at the Kelowna General Hospital.

Mrs. R. T. Graham and Eileen spent a few days in Vancouver during last week when they visited relatives and friends.

Mr. and Mrs. H. R. Perry have received word of the birth of a son to their son and daughter-in-law, Mr. and Mrs. Clifford Perry, of Fort St. John.

Club Notes

FOIL WRAPPED FOR FRESHNESS!

GARDEN OF GOLD IF YOU FIND HORSETAIL WEED

There is a common weed growing in British Columbia that might be worth \$200 a ton. In fact the ashes produced by burning a ton of this weed may be exactly that amount.

The weed is known as the horsetail and is sometimes known as the scouring rush, or to be technical Equisetum Arvense.

The secret of its value lies in the fact that when growing in light sandy soil with a low gold content it concentrates the gold in its leaves and stems. When these are heated and burned the ashes from a ton of them may yield as much

as six ounces of pure gold. Both the stems and the creeping root-stalks from which they grow harbor gold. Some commercial mining companies are toying with the idea of putting the weed to work so that it may have commercial possibilities.

If you find where the horsetail grows you might be lucky enough to reap a fortune if you go gardening for gold.

MEMBERSHIP CONFERRED

WOLFVILLE, N.S.—Harold E. Stassen, president of University of Pennsylvania who sought the Republican nomination in the United States presidential race, was presented with the Order of Good Cheer by Premier Angus L. Macdonald. The order, first social club in North America, was conferred when Mr. Stassen visited here.

THE WEEK AT OTTAWA

Specially written for The Courier
By ALAN DONNELLY
Canadian Press Staff Writer

OTTAWA—Canada's role as a leader in the free world's affairs—which is apt to be forgotten in the bustle of national events—was brought to the fore again last week with the departure of two cabinet ministers on international business.

External Affairs Minister Pearson, chairman of the council of the North Atlantic Treaty Organization, launched a round of talks at western capitals on new decisions to be taken in the west's defensive build-up in Europe.

Finance Minister Abbott left for Mexico City to represent Canada at the 10-day meeting of the International Monetary Fund. Its main objectives are to promote expansion and freedom of trade among the 54 member countries. To Canada—one of the world's biggest exporters—these aims are vital.

Before he left, Mr. Abbott, in company with Premier Stassen, visited Ontario, tidied up an important piece of national business. They signed an agreement by which, for five years, Ontario will hand over tax-collecting rights in her personal income and corporation tax fields to the federal government in return for agreed annual payments.

N.A.T.O. PROBLEM
Mr. Pearson used a speech at Toronto's Canadian National Exhibition to point up the problems faced by N.A.T.O. countries in their defence against what he called the Soviet "conspiracy."

Then he left on trips to Washington, London and Paris to confer with his opposite numbers in those capitals. The talks are in preparation for the N.A.T.O. council meeting in Paris in December.

At Toronto he predicted that "before too long" North Atlantic forces would become strong enough to stem effectively the threats of Russian imperialism—"the cruelest, most powerful, best organized conspiracy in all history."

He added a cautionary note. N.A.T.O. forces still aren't strong enough to ensure successful resistance against the initial assault of a sudden attack in Europe. In any third world war, the land defence and the air counter-attack to the initial assault "may be decisive."

For that reason, this was no time to falter or to hesitate, but one for "determined and intelligent effort to finish the immediate job ahead of us."

The immediate job was to fulfill the 1952 program to create 50 army divisions and assemble 4,000 aircraft in Western Europe. N.A.T.O. would then have to strike a delicate balance: for future defence plans—a balance between demands for a lighter arms program and demands for enough arms to ensure adequate defence.

While abroad Mr. Pearson will give up the chairmanship of the N.A.T.O. council which he has held for a year. That will leave him free to take on other tasks outside his cabinet work. He has been often mentioned for the presidency of the United Nations General Assembly.

CANADA'S TRADE AIMS
Mr. Abbott, before leaving for the International Monetary Fund meeting in Mexico City, said Can-

ada will support "any measures which will increase convertibility of currencies and expand world trade."

That, basically, is the aim of the fund itself. It tries to have its member nations lower trade barriers—import quotas, high tariffs protecting home industry, and the like. It also tries to establish stable exchange rates and eliminate currency restrictions so that countries with "weak currencies" can more easily trade with the dollar markets of Canada and the United States.

The World Bank, also meeting in Mexico City, aims at reconstructing war-damaged countries and developing backward countries through loans for capital expansion.

In addition to attending the meetings of the two organizations, Mr. Abbott was expected to hold private talks with Commonwealth finance ministers. This would help set the stage for the Commonwealth economic conference in London next November.

ONTARIO TAX PACT
The Ontario tax-rental agreement signed by Mr. Abbott and Mr. Frost came as a complete surprise.

Ontario and Quebec had abstained when all the other provinces signed the first post-war five-year agreement, which expired this spring. And until the surprise announcement by Mr. Frost, it was believed the two provinces would also abstain from the current five-year agreements signed by the other eight provinces. They began April 1 last.

Quebec now is the only province of the 10 which does not rent certain tax fields to the federal government. Premier Duplessis last week-end intimated his government would not follow Ontario's example. He said "as always we wish real co-operation, established on a constitutional basis, but we are irreparably opposed to assimilation, centralization and absorption."

The transfer of tax-collecting rights from the provinces to Ottawa began during the Second World War to enable the federal government to shoulder wartime obligations. Ottawa proposed to continue it after the war in the interest of a uniform tax structure and for the benefit of less industrialized provinces.

Ontario is guaranteed a minimum of \$101,000,000 a year for the five-year life of the agreement. But payment in the first year will be somewhat more.

The agreement is still to be ratified by the Ontario legislature, which will meet in special session for that sole purpose later this fall. In a statement, Mr. Frost said the agreement was only a "stop-gap" and did not solve the basic problem of Ontario nor her municipalities—a realignment of the country's tax structure so that each level of government would have the revenue to carry out the tasks imposed on it.

OIL SURPLUS
ST. JOHN'S, Nfld.—Cheap vegetable oils and synthetic products have made serious inroads on the market for natural high-grade fish oils. C. M. Lane, general secretary of the Newfoundland Federation of Fishermen, said here. The province has large stocks of cod oil on hand.

As reported September 4. The weather since the last report has been markedly cooler with a few light showers. Apples are coloring normally. The large size that was indicated on McIntosh earlier in the season has slowed down and the bulk of the crop should now be in the desirable size range. Wealthy apples have been picked and are now being shipped. Flemish pears are being picked. Main crop peaches are being cleaned up. Some spraying for yellow mites has been necessary on apples. Other insects generally are well under control. Growers have commenced the application of hormone sprays to prevent apple drop.

Vegetable crops are continuing to progress favorably.

SUMMERLAND, PEACHLAND AND WESTBANK
As reported September 3. Since the issue of our last news letter the weather has been dry and cool with several very cool nights. During the past two days there has been a return to warmer weather. The harvesting of Bartlett pears and V peaches has been slowed this year by the cooler weather and by failure of some Bartletts to reach a satisfactory size standard.

V peaches are just coming into volume now and are about a week later than last year. The picking of Wealthies is progressing in this district. Flemish Beauty pears will be starting in about a week. Size

AS harvest time approaches, the occurrence of a pre-harvest drop in apples is a major problem. The dropping of apples just before and during harvest annually confronts the apple grower and in many years the resulting losses amount to thousands of dollars. Not only does a serious reduction in yield occur, but also a certain amount of quality is lost; that is, a grower must pick the fruit before best size, color and quality.

It is apparent that 2, 4, 5-T.P. is a more effective chemical for controlling pre-harvest drop and where satisfactory control is not being obtained with naphthaleneacetic acid or closely related compounds, commercial preparations containing 2, 4, 5-T.P. as the active ingredient should be tried according to manufacturer's directions.

AN ESSENTIAL SPRAY
Since 1939, the date when this phase of orcharding was first suggested, the development of growth-regulating substances to control the pre-harvest drop of apples has been rapid. Today, it is a spray that should be incorporated into every apple grower's spray schedule.

There are a number of materials that may be used. Sprays containing naphthaleneacetic acid, the sodium salt of naphthaleneacetic acid and/or naphthaleneacetamide as the active ingredient have proved successful and are quite suitable for many varieties.

With McIntosh, however, the effect of these sprays is very short-lived in many seasons, and often the material has lost its effectiveness before harvesting takes place. 2, 4, 5-T.P. RECOMMENDED

Recently a new growth-regulating substance known as 2, 4, 5-trichlorophenyl xypyrrolonic acid (2, 4, 5-T.P.) has been found to have a much longer period of effectiveness than naphthaleneacetic acid in the control of drop in McIntosh and many other varieties.

Furthermore, this substance tends to speed up and increase the amount of red color. At Ottawa, report D. S. Blair and S. H. Nelson of the Horticultural Division, Department of Agriculture, experiments have shown that 2, 4, 5-T.P. is more effective on the early maturing varieties, such as Melba, than McIntosh. Both the drop control and color increase was very apparent with the variety Melba.

However, with McIntosh, although there was a definite increase in "Extra Fancy" apples, the results were not as outstanding. 3-WEEKS EFFECTIVENESS

This chemical acted greatly in the reduction of pre-harvest drop in McIntosh, having approximately a three-week period for naphthaleneacetic acid.

KELOWNA
As reported September 4. The weather since the last report has been markedly cooler with a few light showers.

Apples are coloring normally. The large size that was indicated on McIntosh earlier in the season has slowed down and the bulk of the crop should now be in the desirable size range. Wealthy apples have been picked and are now being shipped. Flemish pears are being picked. Main crop peaches are being cleaned up. Some spraying for yellow mites has been necessary on apples. Other insects generally are well under control. Growers have commenced the application of hormone sprays to prevent apple drop.

Vegetable crops are continuing to progress favorably.

SUMMERLAND, PEACHLAND AND WESTBANK
As reported September 3. Since the issue of our last news letter the weather has been dry and cool with several very cool nights. During the past two days there has been a return to warmer weather. The harvesting of Bartlett pears and V peaches has been slowed this year by the cooler weather and by failure of some Bartletts to reach a satisfactory size standard.

V peaches are just coming into volume now and are about a week later than last year. The picking of Wealthies is progressing in this district. Flemish Beauty pears will be starting in about a week. Size

of this crop is good. Sizing of apples has been slowed right up by the prolonged hot dry weather experienced during mid-summer. Size of McIntosh looks good but some later varieties do not look as promising as they did a month ago.

Pest control is generally very good this year. Woolly Aphis is the most common pest causing concern these days. Control sprays have been applied wherever this pest was serious.

PENTICTON, NARAMATA, KALEDEN, KEREMEOS

As reported September 2. Weather for the past fortnight has been somewhat cooler with occasional showers of rain. A windstorm, which occurred on August 29, caused some damage to orchards fronting Okanagan Lake and resulted in excessive drop of fruit, especially McIntosh apples and Flemish Beauty pears. In addition some fruit remaining on the trees was bruised and the occasional peach limb was broken off.

Bartlett pears are gradually being cleaned up and V peaches are moving freely. The prune crop is looking better now and there is an indication that it could be more satisfactory than last year. McIntosh apples are taking on good color but in some orchards they are running to very large sizes. Insects and diseases appear to be fairly well under control. However, woolly apple aphids are the exception and continue to cause concern in some orchards. The yellow-necked cicada has also been more destructive than usual.

OKANAGAN FALLS, OLIVER, AND OSOYOOS

As reported September 2. The weather for the past two weeks has been cool with little rain. A high wind during the night of August 28 did some damage, breaking limbs and blowing fruit off. On the night

of September 1, rocks falling off the cliff at Galagher Lake north of Oliver knocked out a large section of the main ditch of the Southern Lands Project. Since the water should be on again in two or three days and the weather is cool, little damage should be done to the crops.

The district is now well into the prune harvest. The crop at the moment is much better than it has been for the past few years. There is some gummosis but the size is better and the shrivel of 1951 is not present. The cooler weather retarded Elberta peach harvest. A few of this variety were harvested last week but the peak will be around this coming week-end. The cooler weather has been a help in coloring the apple crop and it would appear that 1952 will be a good year for color. McIntosh apples will be ready to harvest this week. Some growers are still spraying for trailing moth, mites and woolly aphids.

RUTLAND

On Tuesday of last week Miss Glenda Jean Fitzpatrick and Miss Shirley Everett left for New Westminster where they enrolled as student nurses at the Royal Columbian Hospital.

The Storms Construction Co. crew which has been camped here all summer, moved away last week, having completed the paving program in this district for the year. The pile of crushed rock on the Eatin property, near the airfield was not entirely used up, and is now being replenished again by FWD trucks hauling from the crusher in the Rutland Sawmill yard.

Miss Gerry Gray left on Thursday afternoon for Kamloops where she is commencing training as a nurse at the Royal Inland Hospital.

Boosters High In Quality And Looking For Officers

WANTED: A president and a secretary. Apply to the Kelowna Senior Hockey Booster Club. Although there is plenty of hockey chatter around Kelowna, some of the most avid enthusiasts failed to put in an appearance at the first 1931-32 season meeting held in B.C. Tree Fruits' board room Monday night.

Reports were given by president Nick Matlick and secretary Jim Whillis. Both tendered their resignation but no new officers were elected from the 20 present. A committee comprised of Denny Reid, Rhys Lewis, Ed Boyd and Doug Johnson will meet with a view to approaching likely individuals who would take office. The former president and secretary are still keenly interested in hockey but said pressure of business forced them to withdraw.

INVALUABLE WORK

In reviewing last season's activities, Mr. Matlick regretted that he had not had the time to devote more attention to hockey. However, he felt the booster club had accomplished a great deal of invaluable work, such as getting Packer Backer buttons and promoting memberships; getting out a fine hockey program; contributing money to the hockey association; arranging a Packer Backer hockey train to Kamloops and finally a reception for the team where each player was presented with luggage.

Secretary Whillis said that the booster club had raised \$1,054 from the sale of memberships, there being 567 Packer Backer buttons distributed, showing an average of \$1.70 paid for a membership. A great majority paid \$1.00 and some gave as high as \$10 and more.

TURNED OVER \$1,000

Revenue from programs amounted to \$1,083.32. The hockey association received a cheque for \$1,000. The booster club also paid for the band during the entire season, this amounting to \$295, less a discount. Luggage for the Kelowna Packers hockey team cost the Booster Club \$504.70. The club finished up with 10c in the bank, showing that the club was not out to make money but to give it and boost hockey in every way.

Special tribute was paid to Ed Boyd for single-handedly looking after the entire hockey program, promotion which included soliciting, collecting and distributing. Mr. Whillis felt that many more memberships could be sold and that more people should be wearing Packer Backer buttons this season. He said that, on the average, each member of the booster club saw only twenty people, and that the canvass should have been much more thorough. Last year the drive started on September 17.

BEST YEAR YET

Several new ideas were discussed during the meeting regarding how to boost hockey this season. It was felt that this being a championship year, it should be the best in Kelowna's five-year hockey history.

Dr. Mel Butler expressed a hearty vote of thanks to the Kelowna Senior Hockey Booster Club for making such a vital contribution to hockey. Playing coach Phil Hergesheimer credited the club with helping the Kelowna Packers win the League Title.

Bill Spear, member of the Kelowna Senior Hockey Association executive, said that the Packer Backer special to Kamloops was a great boost for the team.

Tribute was paid to the ladies of the booster club for selling memberships and decorating tables at the windup banquet.

BOOTH AT ARENA

At the suggestion of Ed Boyd, those present adjourned and went to Memorial Arena to arrange a hockey booster booth during the Rotary "Home Show." As no booths were available, the Kelowna Courier offered a portion of its booth, which Ed Boyd decorated. The purpose behind the idea was to sell membership tickets and arouse hockey interest, various members at the meeting volunteering to go on duty during the show.

Although the season's first booster meeting was small in numbers there was plenty of enthusiasm, indicating there will be plenty of Packer Backer activity this winter.

FEMME BOWLERS STARTING TONIGHT

Popular and recreational five-pin league bowling for the fair sex begins at the Bowldrome tonight. There still are some vacancies for teams and individuals. All ladies wishing to bowl for the winter (nights are every Thursday this year) should be at the Bowldrome tonight at 7:00 o'clock when a schedule will be drafted.

NEW LADY GOLF CHAMP ASSURED

There's bound to be a new ladies' champion of the Kelowna Golf and Country Club this year.

Almost perennial crown-wearer Mrs. Ann McClymont voluntarily stepped down this year, not even entering Sunday's qualifying round.

The new champion will be one of these eight: Mrs. Dorothy Secord, whose 89 topped all the qualifiers; Mrs. Kay Buckland; Mrs. Marg Dowdson; Mrs. Ruth Oliver; Mrs. Thelma Owen; Mrs. Mike Rendhouse; Mrs. Eve Lander and Mrs. Jenn Faulkner.

Championship flight winners and winners of other flights are not expected to be decided for possibly a month yet.

SEASON NEVER CLOSED

There is no closed season or bag limit on black or brown bears in this province.

PENTICTON—Penticton's plans for staging its first Pacific Northwest sculling championships here Sept. 20 are well in hand.

BRUINS CALL ON 38 PLAYERS DURING SEASON

Kelowna Bruins, in their futile and oftentimes pitiful defence of their last year's laurels, called on no less than 38 players during the year for their 24 league games. Many of these had never played senior box-l before. So low was the player pool that Bruins showed up on opposition floors with 10 or less men several times. The extreme low tide was reached in their third league appearance at Salmon Arm when only seven regular players were on hand.

In the third game of the final against Vernon, Bruins' fortunes reached a new low in playoffs when they were able to floor only nine men.

At scoring goals and helping teammates to score, John Ritchie was way by far the biggest star. He compiled 97 points during league play, in spite of losing seven games due to a broken bone in his foot.

Records of those who played with the Bruins during league play and registered at least one point follow:

J. Wolfe	10	46	20	7	27	24

Chiefs Start Final At Penticton Sunday

Kelowna Chiefs start out Sunday in the final stages of the defence of their South Okanagan Junior Baseball League laurels by meeting the Penticton Canucks, at Penticton in the first game of the best-of-three series. The game will be played immediately after the third and deciding game between Penticton Athletics and Oliver Elks for the Okanagan-Mainland Baseball League championship and the CKOK Trophy.

Ann McClymont Will Defend Golf Laurels

Defending champion Ann McClymont will be leading a contingent of about 15 local ladies to the annual Interior golf championship, staged this year at Revelstoke Saturday and Sunday.

Most of the Kelowna ladies will leave Friday morning to try to get the feel of the verdant Revelstoke course before the first round starts Saturday morning.

DON'T SHOOT ACROSS ROAD

It is unlawful to shoot over, on or across any arterial or primary highway.—B.C. Game Regulations.

Kelowna Claybusters Nab Second In Interior Shoot

SUMMERLAND—There is a new interior trap shoot champion, succeeding last year's title-holder, Gordon Finch of Kelowna.

Harold Sigaleit of Lumby just about made a clean sweep of the most important events at the Interior trap championships held here Labor Day.

One of the largest groups of competitors ever to take part in the Interior classic came to Summerland for the big day's shoot. Some excellent shooting was the result.

Revelstoke, Lumby, Vernon, Kelowna, Penticton and Summerland were represented, while visitors were also present from New Westminster. The latter were not eligible for the trophies.

Vernon, with a score of 114, proved the best team, with Summerland No. 1 and Kelowna No. 2 tied for second with 112 each.

KELOWNA TRIO WIN

The handsome William Nelson Memorial Trophy, presented for the first time in memory of one of the hardest-working members of the Summerland Trap Club, went to the Kelowna club, with Frank Pollock, Bud Thompson and Bill Rae being the proud possessors.

Main prize winners were:

No. 1 Event, 100 Birds, 16-yard targets—Class A, Pollock, Trophy: 1, H. Sigaleit, Lumby, 99; 2, W. R. Maxson, Kelowna, 98; 3, Ken Blagborne, Summerland, 95; 4, D. Mulholland, Revelstoke, Paul Rivard, Vernon, and Bud Thompson, Kelowna, all with 94.

Class B, Vernon Trap Club Trophy: 1, H. Salt, Lumby, 89; 2, Phil LeBrun, Osoyoos, 86.

Class C—1, Fred Campbell, Kelowna, 87; 2, George Haddrell, Summerland, 83.

Prize for long string in No. 1 event—H. Sigaleit.

Team Shoot—1, Vernon, 114; 2, Kelowna, 112.

Summerland No. 1 and Kelowna No. 2, 112; 4, Kelowna No. 1, 111; 5, Lumby, 109; 6, Summerland No. 2, 95.

Junior Singles—1, Peter Genier, Lumby; 2, George Stoll, Summerland.

Handicap, 25 Birds, William Nelson Memorial Trophy—Kelowna (F. Pollock, B. Thompson, W. Re). Doubles, 25 Pair, Summerland Trap Club Cup—1, F. Oliva, Vernon; 2, Paul Rivard, Vernon.

Ladies' Singles—1, Mrs. Mulholland, Revelstoke; 2, Mrs. S. Duggan, Kelowna.

Miss and Out—1, H. Sigaleit, Lumby; 2, D. Mulholland, Revelstoke.

All-Round Champion—H. Sigaleit, 156. C. Sullivan of New Westminster was tied for the aggregate but was ineligible for the Finning Tractor Co. Trophy.

TRANSPLANT FINGERLINGS

VERNON—Twenty-five thousand little Kamloops trout have been taken from the Summerland fish hatchery and placed in the Polson Park rearing ponds here.
